

# ACKNOWLEDGEMENT

I am extremely grateful to Dr. A. Mukhopadhyay, FZS (cal.) Professor of Zoology, University of North Bengal, for his supervision at every stage of this research work.

I offer my thanks to the Management of tea Research Association (TRA), especially to Dr. S. Sarma, the then Secretary and Director of TRA for allowing me to conduct this study along with my normal duties and responsibilities as the Advisory officer at Darjeeling Branch of TRA. I must thank Dr. M. Hazarika, Director, Tocklai Experimental Station (TRA) along with Dr. P. Tamuly, Incharge Biochemistry Department, Dr. L. K. Bhuyan, Mr. S. Sabhapandit and Mr. N. Gogoi of Biochemistry Department, Tocklai for their help in doing the biochemical analysis of the made tea samples and the encouragement received from Dr. Hazarika from time to time. I also extend my thanks to Dr. N. Barpujari, Chief Advisory Officer, West Bengal, TRA, Nagrakata for allowing me to use the "D-Vac" vacuum sampler for the study and Mr. S. Debnath, Advisory Officer, Tocklai for sending me some important literature from Tocklai at the initial stage of the study. I acknowledge the help received from Mr. S. K. Pradhan, Mr. S. Rai and Mr. P. S. Pradhan of TRA Darjeeling in sampling and preparation of made tea samples.

My thanks are due to the management of Sungma tea estate, Darjeeling, especially to Mr. A. K. Jha, Superintendent of the garden, who happened to be my old friend since our college days in Assam Agricultural University, for allowing me to conduct a part of the study at Sungma tea estate.

The team of tasters comprising Mr. J. P. Gurung, the then General Manager, DPIL gardens, Mr. G. C. Somani, Superintendent, Puttabong &

North Tukvar tea estate, Jayshree tea Ltd., Mr. A. Gomden, the then Manager, Margeret's Hope tea estate and Mr. T. Gupta, Manager, Thurbo tea estate, Goodricke Group Ltd. deserve my thanks for their help in organoleptic tasting of the made tea samples.

The help received from Dr. R. Vartharajan, Associate Professor, Manipur University, Imphal and Ms. Soma Das, Research Fellow, Entomology Research Unit of Zoology Department, NBU in identification of the insect specimen is duly acknowledged. I also offer my thanks to Mrs. B. Pradhan, my research colleague, who helped me in some of the laboratory works and Mr. M. Sarkar, Research Fellow, Entomology Research Unit, NBU, for sharing some literature with me.

My special thanks are due to my friend Dr. S. E. M. Kabir, Academic Coordinator, Post Graduate Diploma in tea Management, University of North Bengal, who initially encouraged me to take up this study and helped me a lot at different stages.

I extend my thanks to my cousin cum friend, Dr. N. C. Talukdar, Associate Professor, Soils Department, Assam Agricultural University, who helped me at various stages of the study, particularly in statistical analysis of the data.

At last but not the least, my wife Maya, who sincerely managed all our family jobs with our two daughters, Deepshikha and Priyanka, while I was continuously busy in my research as well as office works during last 5 years, deserves my heartfelt thanks for her immense contribution to the study.

Date : 27 January, 2004

Place : Darjeeling
