

ACKNOWLEDGEMENT

It is a great pleasure to express my deep sense of gratitude to my supervisor Dr. B.N. Chakraborty, Department of Botany, University of North Bengal for his valuable guidance, unfailing help and constant encouragement throughout the execution of this work. I would like to express my heartfelt gratitude to Dr. Usha Chakraborty, Department of Botany, University of North Bengal for her ungrudging help and advice. I am also grateful to the Director, Centre for Life Sciences and Head of the Department of Botany, University of North Bengal for providing necessary facilities. I am indebted to all the teachers of this Department for their help at various times.

I extend my sincere thanks to Dr. Yasuo Ando, Japan for providing valuable literature. For the help that I have received towards the identification of fungal and bacterial cultures, I would like to convey my gratitude to Dr. J.E.M. Mordue and Dr. G.S. Saddler of International Mycological Institute, Kew, Surrey, U.K.

Financial assistance received from Department of Science and Technology, Ministry of Science and Technology, Govt. of India is gratefully acknowledged.

I am extremely thankful to all the research scholars of Plant Pathology Laboratory, for their indispensable help and co-operation.

Last but not least, mention must be made of my father, family members and all well wishers who have always stood by my side encouraging me to achieve my goal.
