

LIST OF FIGURES

<u>Fig. No.</u>	<u>Description</u>	<u>Pages</u>
1.	Location map of West Bengal	2
1.1	Physiographic Regions of West Bengal	9
1.2	Drainage Map of West Bengal	14
1.3	Ground water situation of West Bengal	16
1.4	Temperature and Pressure conditions with agro-climatic zones of West Bengal.	17
1.5	Rainfall patterns of West Bengal	18
1.6	Soil types of West Bengal	20
1.7	Horticultural zones of West Bengal	23
1.8	Percentage area of Horticultural crops in West Bengal	25
1.9	Districtwise distribution of Horticultural areas (percentage) of West Bengal	26
1.10	Lay out of the orchards	30
2.1	Area and production % of fruit crops in West Bengal.	39
4.1	Major flower producing areas of West Bengal	98
5.1	Calcutta map showing four important markets and supply centres.	111
5.2	Map showing horticultural products processing centres of West Bengal.	115
5.3	Concentration of mango production	119
5.4	Concentration of Banana production	119
5.5	Concentration of Guava production	121
5.6	Concentration of Citrus fruit cultivation	123
5.7	Concentration of papaya cultivation	124
5.8	Concentration of Sapota production	125
5.9	Concentration of Jackfruit cultivation	126
5.10	Concentration of lichi cultivation	127
5.11	Concentration of Pineapple cultivation	128

Contd....

		<u>Pages</u>
5.12.	Concentration of Orange production	129
5.13	Concentration of Temperate and other Fruits cultivation	130
5.14(a)(b)	Yield rate per sq.km. of dif. fruits, flowers.	131
5.15 (a)(b)	Yield rate per sq.km. of different vegetables	132
5.16	Moving average of the value of horticultural products	
5.17	Moving average of the value of horticultural processed products.	133
7.1	Map showing Horticultural Research Stations of West Bengal.	150
8.1	Map showing the concept of the proposed Horticultural Atlas.	206
