## ACKNOWLEDGEMENT

---

---

Research leading to this thesis was encouraged and given a helpful direction by the supervision of Dr. P. K. Basu, Professor in Botany, Noth Bengal University, I owe the greatest debt of gratitude without whose constructive criticisms, creative suggestions and affectionate guidance, this research would not have been completed.

I also offer my sincere gratitude to Dr. B. N. Chakraborty, Head, Botany Department, Noth Bengal University and other associated teachers of this Department for their kind co-operation and extended all the necessary facilities.

I sincerely acknowledge Dr. H. P. Bezbaruah, Retd. Chief Advisory Officer, Tocklai Experimental Station, Jorhat, Assam; Dr. R. B. Ghosh, Retd. Scientist, Botanical Survey of India, Indian Botanic Garden, Howrah; Dr. S. Sharma, Secretary, Tea Research Association, Calcutta; Dr. T. C. Choudhury, Director (Research), Tea Board, Calcutta; Dr. N. Ghosh Hazra, Project Manager, D. T. R. C., Kurseong (Darjeeling); Dr. S. K. Dey, Advisory Officer, T. R. A. Darjeeling, Sri S. K. Pradhan, Scientific Assistant, Clonal Proving Station, Ging (Darjeeling); Dr. Ranen Dutta, President, Darjeeling Planters Association; Dr. A. Mukherjee, Reader in Botany, Burdwan University, Dr. A. Chatterjee, Reader in Geography, Chandannagar Govt. College; Dr. B. Dasgupta, Retd. Principal, Darjeeling Govt. College and Dr. S.

Bhattacharya, Principal, Maulana Azad College, Calcutta; for extending their valuable suggestion and kind co-operation.

I also thank Sri Gautam Pal for skilful help in preparing the drawing and plates; Sri Subrata Saha for neatly typing the thesis.

Finally, I express my deep sense of gratitude to my parent, my wife, my daughter, my son and my sisters for constant inspiration and reminders that ultimately compelled me to complete this work.
