

# Contents

Acknowledgement .....	i
Abbreviations .....	ii
General Introduction .....	iii
Abstract .....	iv
 <b>CHAPTER - I</b>	
<b>Review of Literature</b>	
Medicinal and other uses of different species of <i>Dioscorea</i> .....	1
Importance of <i>Dioscorea</i> sp. in connection with production of ..... commercially important steroid drugs	2
Utilisation of diosgenin for production of steroids in..... phytochemical industry.	5
Commercially important species of <i>Dioscorea</i> in India and abroad.....	6
Cultivation of <i>Dioscorea</i> in India.....	8
Chemical constituents isolated from <i>Dioscorea</i> sp. ....	9
Isolation and purification of diosgenin in <i>Dioscorea</i> sp. ....	11
Quantitative estimation of diosgenin in <i>Dioscorea</i> sp.....	13
Biosynthesis of diosgenin and related steroids <i>Dioscorea</i> sp. ....	14
Factors affecting growth and development of <i>Dioscorea</i> sp. and production of diosgenin.....	15
Application of Biotechnology in <i>Dioscorea</i> .....	21
Literature Cited.....	127
 <b>CHAPTER - II</b>	
<b>Ecological survey in Darjeeling and Sikkim Himalayas with special interest on distribution of different species of <i>Dioscorea</i> available in the region</b>	
Introduction.....	26
Materials and methods.....	28
Results and discussion.....	31
Summary.....	47
Literature cited.....	127

## CHAPTER - III

### Pharmacogonostic study of different species of *Dioscorea* available in Darjeeling and Sikkim Himalayas

Introduction.....	48
<b>Section (A)</b> Organoleptic, macroscopic and microscopic study on different plant parts of <i>Dioscorea</i> sp.....	49
Matereials and methods .....	49
Results.....	50
<b>Section (B)</b> Phytochemical investigation on the yams of different <i>Dioscorea</i> species with special emphasis on steroidal constituents. ....	68
Materials and methods .....	68
Results.....	71
Discussion.....	85
Summary.....	91
Literature cited.....	127

## CHAPTER - IV

### A new and rapid colorimetric method for quantitative estimation of diosgenin in the yam of different species of *Dioscorea* availavle in the region

Introduction.....	93
Materials and methods .....	94
Resuts & Discussion.....	96
Summary.....	99
Literature cited.....	127

## CHAPTER - V

### Isolation and characterisation of antifungal constituent in the yam of cultivated species of *Dioscorea alata* L.

Introduction .....	100
Materials and methods .....	100
Results and discussion.....	102
Summry .....	105
Literature cited.....	127

## CHAPTER - VI

### Survey on present day ethnic use of different species of *Dioscorea* in Darjeeling and Sikkim Himalaya s with special interest on different herbal systems of medicine available in the region

Introduction.....	106
Materials and methods.....	107
Results and discussion.....	108
Summary.....	120
Literature cited.....	127

## CHAPTER - VII

### Increased production of free diosgenin due to glycosidase like activity in the yam of *Dioscorea prazeri* Prain and Burkill subjected to high temperature treatment

Introduction.....	121
Materials and methods.....	121
Results and Discussion.....	124
Summary.....	126
Literature cited.....	127

## Appendix - I

### Authors Publication

#### 1. Paper

Investigation on Ethnic use of *Dioscorea* spp. available in Darjeeling and Sikkim Himalayas and Scientific evaluation of their traditional practice P. K. Basu and B. Gautam (2001).

In Proceedings of the National Seminar on Plant Biodiversity - Systematics, Conservation and Ethnobotany (in press)

#### 2. Abstract

Applicaition of a newly established colorimetric method for quantitative estimation of diosgenin in some wild species of *Dioscorea* available in Kalimpong, West Bengal. P. K. Basu and B. Goutam

In Proceedings of West Bengal State Science Congress, West Bengal State Council of Science & Technology, University of North Bengal, March 21-23, 1998.
