

ACKNOWLEDGEMENT

Research works presented in this dissertation were carried out under the supervision of Prof. Bimal Kumar Das, D.Sc. at the Pesticide Research Laboratory, Department of Chemistry, University of North Bengal, Darjeeling.

I express my deep sense of gratitude to Prof. Bimal Kumar Das, D.Sc. for his valuable suggestions, guidance, attention and encouragement during the progress of my work.

I sincerely thank Professor S.K. Mazumder, Professor A.K. Ghose, Professor J.C. Roy, Professor D.K. Hazra, Dr. P.S. Roy, Dr. S.N. Bose, Dr. B. Brachhan and Dr. G.S.S. Nurti, Department of Chemistry, North Bengal University for their interest and encouragement.

I wish to express my gratitude and indebtedness to Professor M. Ito, Department of Agricultural Chemistry, Kyushu University, Fukuoka, Japan, for helping me to have a number of reprints.

I in this opportunity express my gratefulness to Mr. A.C. Lahiri, Mr. A. Banad, Smt. J. Dasgupta and Miss S. Guha for their co-operation and incessant encouragement.

I am thankful to Dr. A.K. Mazumder for his excellent technical help and Mr. Sumit Sen for typing the manuscript.

I am grateful to the authorities of North Bengal University for extending Laboratory and other facilities and non-teaching staff of University of North Bengal for their co-operation.

I am thankful to the Council of Scientific and Industrial Research, New Delhi for awarding me the Direct Junior Research Fellowship and Senior Research Fellowship.

I gratefully acknowledge the inspiration and encouragement of my sisters and Mr. Jiban K. Mandal during the progress of the work.

In fine, I express my sincere regards to my parents who showered upon me with their kind blessing.

Probir Kumar Roy
