

Acknowledgement

During the tenure of my research work to fulfill the given problem I was endowed with all sorts of facilities and help. Therefore it is difficult to acknowledge everyone in these very few lines.

First and foremost I would like to express my deepest and sincere gratitude to my supervisor, Professor Usha Chakraborty Department of Botany, University of North Bengal, for her encouragement, guidance and support which enabled me to develop an understanding of the subject from the initial to the final level and for helping towards the completion of this research work.

I am deeply grateful to Professor Bishwanath Chakraborty, Programme Coordinator of UGC-SAP (DRS-II), Immuno-Phytopathology Laboratory, N.B.U., for his detailed and constructive comments, his extensive discussions around my work and interesting explorations in operations which have been very helpful for this study.

I wish to express my warm and sincere thank you to the Head, Department of Botany, as well as all the teachers and non teaching staff for helping me in various ways during my research work.

I owe my most sincere gratitude to my lab mates, Rohini Lama and Bhumika Pradhan, for their constant support and unconditional help rendered during my research. I owe gratitude to a lot of people who have supported me during research, starting with Belinda Lahon, Kuldeep Rai, Kiran Sunar, Arka Pratim Chakraborty, Sanjita Allay, Panna Lal Dey, Utanka De and Swarnendu Roy. I also extend my heartiest thank you to all the senior research scholars of plant biochemistry laboratory and Immuno-phyto Pathology laboratory for their advice and inspiration.

I would like to record my thanks to National Centre for Soybean Research, Indore, M.P., ICAR, Gangtok and Pulses and Oil Research Centre, Berhampore, for providing Soybean and lentil seeds for my research work.

I would like to show my gratitude to Mr. Milan Joshi, for his valuable advise, constant support and friendly help throughout this work.

I owe my loving gratefulness to my parents Shri G.D. Pradhan and Smt. Sushila Pradhan, without whose encouragement, support and understanding it would have been impossible for me to finish this work. Needless to say what I am today is all because of them. My special gratitude is due for my sister Manisha Pradhan, my brother Dipen Pradhan and their families for their loving moral support.

I extend my thanks to Mr. Dipendra shrestha for his understanding and loving support.

The financial support received from the University Grants Commission is gratefully acknowledged.

Lastly, I wish to extend my warmest thanks to everyone who have helped me with my work in the Department of Botany University of North Bengal.

Deepti Pradhan
