

ACKNOWLEDGEMENT

Scientific words are mainly based upon on experimental analysis depending on which the dream inference can be applied to the field and executing such experimental work a proper guidance in inevitable. So, it also happened with me. It's the generous and kind guidance, of Dr. Nilay Ray, Department of Zoology, Acharya B.N.Seal College, Cooch Behar, West Bengal, without which my research work would have been a mere dream. He provided me illuminate guidance, valuable suggestions, constructive criticisms, intensive encouragement, generous advice and endless co-operation through out my research work.

I am also grateful to the University Grants Commission, New Delhi for providing financial assistance through Major Research Project entitled "Improvement and standardization of seed (egg) production technology of Muga Silkworm *Antheraea assama* Westwood in Terai region of West Bengal." implemented at Muga Research Laboratory (MRL), Acharya B.N.seal College, Cooch Behar, West Bengal.

It is really great opportunity for me to pay tribute to all my teachers and elders who have constantly inspired me and imbibed in me the quest for knowledge. I express my gratitude to my parents and all my family members who laid down the foundation of my character. Their constant love and support gave me the self confidence to dream big.

I also express my sincere gratitude to the Principal, Acharya B. N. Seal College, Cooch Behar, West Bengal, for providing me with necessary facilities for the present investigation.

I like to express my grateful veneration and esteem to the Head and Teachers, Department of Zoology, Acharya B.N.Seal College, Coochbehar, West Bengal, for providing me the valuable suggestions as and when needed.

Sincere thanks are also extended to Atish Shamadhikari, Lab Assistant and Non-teaching staff of the Department of Zoology for their co-operation during my work.

I am greatly acknowledge the Director, CSR @ TI, Central Silk Board, Berhampore, RMRS, CBS, Ministry of Textile, Boko, Assam for necessary support and library facilities as and when required during the course of my investigation.

It is my proud privilege to maintain the immense help and support which I received from Sri. Supratim Das, Superintendent of Sericulture and Deputy Director-In-Charge Cooch Behar, West Bengal, for providing me valuable suggestion and various instructional field of muga culture when needed.

I also convey sincere gratitude and thanks to the Head and Teachers, Department of Zoology, University of North Bengal for their inspirational advice.

I am also grateful and should acknowledge to Prof. D.C. Deb (Ex-professor, Department of Zoology, N.B.U.) for his necessary suggestions.

Thanks also extended to Ph. D. Scholars namely Supriya, Uddalok, Samiron, Ujjal, Debasis da, Hiranmayananda, Tamal and Bikash for their help and constant inspiration during the course of my work.

Thanks are also due to Prasenjit, Deep, Dipankar, Partha Da, Abhijit Da, Rajib, Raja Da, Pradip Da and other senior mess members for their keen interest, support and co-operation during the course of my study.

Sincere thanks are also extended to Mr. Joy Bishnu and Mr. Sanjay Debnath for the arduous task of typing the manuscript.

Very Special thanks to my wife for her immense corporation through out my research work

Finally, I owe my encompassing debt to my parents for their silent blessing, along with moral support showered, which have always been source of my energy, inspiration and mental strength.
