

CONTENTS

Chapter	Topic	Page No.
	Preface	i
	Acknowledgement	iii
I	Aspects of the Platinum Metals' Complexes with Azo Ligands and the Purpose of the Present Investigation	1
II	Palladium(II) complexes of azo ligands having O,N,S donor system: Isolation, structure and characterization	16
III	Platinum(II) Complexes Of O,N,S Donor Systems: Synthesis, Characterization and Reactivity	47
IV	Synthesis, Structure and Spectral Properties of Rhodium(III) and Iridium(III) Cyclometallates Formed by Metal Assisted C-S Bond Cleavage	79
V	Ruthenium (II) Complexes of azo ligands having O,N,S donor system: Isolation and characterization	113
	Summary	138
	Appendix	141
