

## Acknowledgement

*When I first met my supervisor Professor (Miss) Gangotri Chakrovorty, Former Head of the Department of Law, North Bengal University, on the day of my Seminar, I could promptly understand that she sees intellectual work as an instrument of social change and believes that scholars have a responsibility to use the privileges of academia to imagine and create a better world. This work would not have been possible without her skillful guidance. I am thankful for her confidence, her criticisms, and her patience. Her positive, informed, and encouraging nature has been an inspiration throughout. She has provided me with independence as a researcher and has yet vigorously guided my research.*

*I am deeply indebted also to Dr. A.K. Tiwari, Asst.
