

ACKNOWLEDGEMENT

It is a matter of great satisfaction that I have completed my thesis in proper time. I am enormously indebted from the bottom of my heart to Dr. Sanjib Kumar Datta, Senior Lecturer, Department of Mathematics, University of North Bengal for guiding me to prepare the thesis, contributing worthy suggestions for the enrichment and corrections of the thesis and above all for sharing lots of valuable time with me from his busy schedule.

I would like to thank my family members for giving me momentous encouragement and inspiration lack of which this thesis cannot be executed neatly. I am also grateful to the infrastructural support of the Department of Mathematics, University of North Bengal during the period of my research work. Also I want to convey my thanks to all the faculty members of the Department of Mathematics, University of North Bengal and my fellow research scholars for their vigorous co-operations. Further I like to convey my gratitude to all my colleagues and the authority of Siliguri Institute of Technology where I am serving as a Lecturer in Mathematics for being with me whenever required.

I must also thank the authors of various papers and books which have been consulted during the preparation of the thesis. I will remain ever grateful to those who helped me in giving my research work a good finish. The author is also responsible for any possible errors and shortcomings, whatever it may be in the thesis despite the best attempt to make it immaculate.
