i – iv

Chapter 1

1.	INTRODUCTION	1 – 10
1.1.	Definition	2
1.2.	Ethnobotany – A Multidisciplinary Science	3
1.3.	Interdisciplinary Applications of Ethnobotany	3
1.4.	Sub-disciplines of Ethnobotany	4
1.5.	Knowledge Generation	4
1.6.	Ethnic Knowledge	4
1.7.	Folklore Knowledge	4
1.8.	Life of Early Men and the Use of Plant Resources	5
1.9.	Loss of Knowledge	5
1.10.	Importance of Documenting Traditional Knowledge	6
1.11.	Need of Ethnobotanical Studies	6
1.12.	Organized Studies on Ethnobotany	7
1.12.1.	Ethnobotanical Studies in the World	7
1.12.2.	Ethnobotanical Studies in India	8
1.13.	Scope of Ethnobotanical Studies in North Bengal	10

Chapter 2

2.	THE <i>MECH</i> TRIBE	11 – 25
2.1.	Who are Tribes?	11
2.2.	Tribes/Indigenous Peoples in India	11
2.3.	The <i>Mech</i> Tribe	13
2.3.1.	Etymology of ' <i>Mech</i> '	14
2.3.2.	Habitat and Distribution	15
2.3.3.	Population Structure	16
2.3.4.	The Faith and Religion among the <i>Mechs</i>	17
2.3.5.	Economy and Education in <i>Mech</i> Society	17
2.3.6.	Residence	18
2.3.7.	Furniture	19
2.3.8.	Beddings	19
2.3.9.	Utensils	19
2.3.10.	Lighting Implements	20
2.3.11.	Dress	20
2.3.12.	Foot Wear	20

2.3.13.	Head Cover	21
2.3.14.	Fishing and Hunting	21
2.3.15.	Musical Instruments	22
2.3.16.	Food-Habit	22
2.3.17.	Games and Sports	23
2.3.18.	<i>Mech</i> Language	24
2.3.19.	Culture	24
Chapter 3		
3.	THE PROPOSED WORK	26 – 28
3.1.	The Present Work	26
3.2.	Different Aspects of Present Study	27
3.3.	Importance of the Present Work	27
Chapter 4		
4.	REVIEW OF LITERATURE	29 – 35
4.1.	Use of Plants in Ancient Ages	29
4.1.1.	Development of Ayurvedic System	30
4.1.2.	Development of Unani System	30
4.2.	The Global Scenario	30
4.3.	Status in India	31
4.4.	Development in North Bengal	34
Chapter 5		
5.	STUDY AREA	36 – 45
5.1.	Location	36
5.2.	Topography	37
5.3.	Climate	39
5.4.	Vegetation	42
Chapter 6		
6.	MATERIALS AND METHODS	46 – 52
6.1.	Ethnobotanical Studies	46
6.1.1.	Preparation of Questionnaire	47
6.1.2.	Development of Contact with <i>Mech</i> People	47
6.1.3.	Observing the Daily Life	48
6.1.4.	Edible Plants	49
6.1.5.	Preparing Food, Medicine and Traditional Liquor	49
6.1.6.	Documentation of Methods of Collecting Fodder Plants	51
6.1.7.	Collection of Plant Related Folklores and Myths	51
6.2.	Voucher Specimens	52
6.2.1.	Herbarium Methodology	52
6.2.2.	Identification of Specimens	52
6.2.3.	Storing of Voucher Specimens	52

Chapter 7

7.	RESULT	53 – 174
7.1.	Recorded Edible Plants	54
7.1.1.	Enumeration of Recorded Edible Plants	54
7.1.2.	Discussion	64
7.2.	Recorded Fodder Plants	71
7.2.1.	Enumeration of Recorded Fodder Plants	71
7.2.2.	Discussion	76
7.2.3.	Conclusion	78
7.3.	Recorded Plants for Domestic Uses	79
7.3.1.	Enumeration of Recorded Plants for Domestic Uses	79
7.3.2.	Discussion	83
7.4.	Recorded Medicinal Plants	87
7.4.1.	Plants Used in Solitary	87
7.4.2.	Plants Used in Definite Formulations	98
7.4.3.	Discussion	115
7.4.4.	Conclusion	116
7.5.	Recorded Plants for Veterinary Medicine	117
7.5.1.	Enumeration of Plants of Veterinary Medicine	117
7.5.2.	Analysis of Plants Used in Veterinary Medicines	120
7.6.	Recorded Poisonous Plants	122
7.6.1.	Introduction	122
7.6.2.	Enumeration of Plants Recorded for Veterinary Medicines	122
7.6.3.	Analysis of Recorded for Veterinary Medicines	123
7.7.	Preparation of <i>Jou</i> [Rice Beer]	125
7.7.1.	Introduction	125
7.7.2.	Ingredients	125
7.7.3.	Preparation	126
7.8.	Recorded Ornamental & Decorative Plants	127
7.8.1.	Enumeration of Ornamental and Decorative Plants	127
7.8.2.	Analysis of Recorded Decorative and Ornamental Plants	128
7.9.	Religious Plants	130
7.9.1.	Enumeration of Recorded Religious Plants	130
7.9.2.	Analysis of Recorded Religious Plants	133
7.10.	Plants Related to Birth, Marriage & Death	135
7.10.1.	Birth	135
7.10.2.	Marriage (<i>Haba</i>)	140
7.10.3.	Death	144
7.10.4.	Discussion	146
7.11.	Recorded Plants for Festivals & Worship	148
7.11.1.	Introduction	148
7.11.2.	<i>Mech</i> Festivals	148
7.11.3.	Analysis of <i>Phunai</i> Ethnobotany	160
7.12.	Plants Referred in Folklores	162
7.12.1.	Introduction	162

7.12.2.	Plants in <i>Mech</i> Poems	162
7.12.3.	Plants in <i>Mech</i> Puzzles	167
7.12.4.	Analysis of Plants Used in <i>Mech</i> Puzzles	170
7.13.	Recorded Plants in Traditional Cuisine	172
7.13.1.	Traditional Cuisine	172
7.13.2.	Analysis of Plants in <i>Mech</i> Kitchens	173
 Chapter 8		
8.	ENUMERATION OF ETHNOBOTANICAL PLANTS	175 – 264
8.1.	Delimitation and Classification	175
8.2.	Presentation of Flora	175
8.3.	Detailed Enumeration	179
8.3.1.	Pteridophyta	180
8.3.2.	Magnoliophyta	182
 Chapter 9		
9.	General Discussion	265 – 281
9.1.	Taxonomic and Habit Group Classifications	265
9.2.	Areas Covered	266
9.2.1.	Edible Plants	266
9.2.2.	Fodder Plants	267
9.2.3.	Plants for Domestic Uses	268
9.2.4.	Medicinal Plants	268
9.2.5.	Plants for Veterinary Medicines	274
9.2.6.	Poisonous Plants	275
9.2.7.	Preparation of <i>Jou</i>	275
9.2.8.	Plants used in Decoration, Religious acts and in Festivals	275
9.2.9.	Plants in Folklores	277
9.3.	New and Additional Records of Ethnic uses of Plants	277
9.4.	Future of <i>Mech</i> Traditional Knowledge	279
9.5.	Conservation of <i>Mech</i> Traditional Knowledge	280
9.6.	Some Important Areas in <i>Mech</i> Traditional Knowledge	280
 Chapter 10		
	Conclusion	282 – 283
 Chapter 11		
	References	284 – 296
Annexure I	Questionnaire for Collecting Information on Plants Used by <i>Mech</i> Tribe Duars of West Bengal and Assam	297
Annexure II	Questionnaire for Ethnobotanical Investigation of Traditional Medicine Used by Tribe <i>Mech</i> in Duars of West Bengal and Assam	301
Annexure III	<i>Mech</i> terminology used in the present work	303
