List of Tables	ix-xii
List of Figures & Maps	xiii
Abbreviations	xiv
Appendix	i-xiii
Chapter I: Introduction	1-33
1. Introduction	1
1.1: Statement of the Problem	2
1.2.: Historical Perspective of the Study Area	4
1.2.1: Population of the Study Area	4
1.3: Objectives of the Study	6
1.4: Importance and Relevance of the Study	7
1.5: Justification of the Study	8
1.6. A Brief Overview of Selected Literature	8--26
1.6.1: Urbanisation and Migration	8
1.6.2: Urbanization and Informal Settlements	11
1.6.3: Urban Poor and Informal Settlements	17
1.6.4: Urban Poor and Informal Sector	20
1.6.5: Social Capital	23-26
1.6.5 (i): Origin and Concept of Social Capital	23
1.6.5 (ii): Types of Social Capital	24
1.6.5 (iii): Why Social Capital is Capital?	24
1.6.6: Social Capital and the Urban Poor	25
1.7: Research Questions	26
1.8: Research Hypothesis	27
1.9: Research Methodology	28-30
1.9.1: The Sample Squatter Settlements and Sampling Technique	28
1.9.2: The Sample Size of the Squatter Households	29
1.9.3: Survey Methodology	30
1.10: The Conceptual Framework	30
1.11: Chapterisation	32
1.12: Limitation of the Study	33
1.13: Data Processing	33
Chapter II: Informal Settlements and the Urban Poor: A Study of Urban Slums and Squatters in South Asia	34-58
2.1: Introduction:	34
2.2: Demographic & Economic Features in the Developing Regions	34
2.2.1: Share of Urban, Rural and Slum Population	36
2.2.2: Slum Population in the Developing World	38
2.2.3: Level of Urbanisation and Proportion of Slum & Non-Slum Population	39
2.3: Informal Sector Employment in Developing Regions	40
2.4: Access to Basic Amenities of Urban Population in the Developing Regions	40-43

2.4: 1: Access to Safe Drinking Water and Sanitation	41
2.5: Demographic and Economic Characteristics of South Asian Countries	43-49
2.5.1: Human Development Index (HDI) and Macro Economic Indicators	44
2.5.2: Urban and Rural Population below National Poverty Line	45
2.5.3: Share of Urban, Slum & Non-Slum Population to total Urban, Slum & Non-Slum Population in South Asian Countries	46
2.5.4: Level of Urbanisation (LOU) and Proportion of Slum & Non-Slum Population in South Asian Countries	47
2.5.5: Annual Growth Rate Urban, Slum & Non-Slum Population in South Asia	48
2.6: Access to Basic Amenities among Slum/Non-slum Population in South Asian Countries	49-54
2.6.1: Types of Shelter Deprivation in Slums	49
2.6.2: Enrolment in Primary Education in Urban, Slum & Non-Slum Population by Shelter Deprivation	50
2.6.3: Malnourished Children (under5) in Urban, Slum & Non-Slum Population by Shelter Deprivation.	52
2.6.4: Cooking medium in Urban, Slum & Non-Slum Households by Shelter Deprivation	53
2.7: Conclusion: MDGs and the Progress in the Lives of Slum Dwellers in the Developing World and South Asian Countries	54-58
2.7.1: Relative Change in Slum Population of the Developing Regions	55
2.7.2: Relative Change in Slum Population in South Asian Countries	57
<i>References</i>	58
Chapter III: Urbanization, Migration and Demographic Changes in North Bengal	59-87
3.1: Introduction	59
3.2: A Brief History of Darjeeling District in North Bengal Region	59
3.3: Deprivation of Human Development Index (HDI) and Per Capita income of Urban Population in the Districts of North Bengal Region	63
3.4: Urbanisation in the Districts of North Bengal Region	64-68
3.4.1: Urban Population and Density per sq.km	64
3.4.2: Annual Growth Rate of Urban Population	66
3.4.3: Share of Urban Population to the total Urban Population in North Bengal Region	67
3.5: Migration in the Districts of North Bengal Region by Place of Last Residence	68-74
3.5.1: Total Urban Migrants in the Districts of North Bengal	68
3.5.2: Share of Urban Migrants to the total Urban Migrants of North Bengal Region	69
3.5.3: Proportion of Urban Migrants to total Migrants and total Urban Population	70
3.5.4: Annual Growth Rate of Rural and Urban Migrants in the Districts of North Bengal	71
3.5.5: Streams of Migration	72
3.6: Socio-Economic Characteristics of Urban Population in the Districts of North Bengal Region	74-77

	iii
3.6.1: Sex Ratio and Literacy Rate	74
3.6.2: Urban Work Participation Rate (WPR) in the Districts of North Bengal	75
3.7: Basic Services to the Rural and Urban Population in the Districts of North Bengal Region	78-79
3.7.1: Access to Safe Drinking Water, Electricity and Sanitation in North Bengal, 2001	78
3.8: Demographic and Economic Characteristics of Slum & Non-Slum Population in the Districts of North Bengal, 2001	79-86
3.8.1: Proportion of Slum & Non-slum population and Sex Ratio	79
3.8.2: Literacy Rate of Slum & Non-Slum Population in the Districts of North Bengal Region	81
3.8.3: Work Participation Rate (WPR) Slum & Non-Slum Population	82
3.8.4: Slum & Non-Slum Workers in Different Categories of Activities	83
3.9: Conclusion	86
<i>References</i>	87
Chapter IV: Urban Poor In Informal Settlements of Siliguri Municipal Corporation Area (SMCA)	88-112
4:1 Introduction	88
4.2: Historical Backdrop of Siliguri Town	88
4.3: Urbanisation in Siliguri and other Municipal Towns in Darjeeling District	90
4.3.1: Urban Population and its share to the Total Population in the District.	92
4.3.2: Density, Urban Concentration and Annual Growth Rate of Population in Municipalities of Darjeeling District	93
4.4: Migration Characteristics in SMC and other Urban Agglomerations (UAs) in North Bengal	95-96
4.4.1: Total Population, Migrants and Annual Growth Rate of UAs / Cities in North Bengal	95
4.4.2: Migration by Reasons to UAs/Cities	96
4.5: Social Characteristics in the Municipal Towns of Darjeeling District	97
4.5.1: Literacy Rate and Sex Ratio in the Municipal Towns of Darjeeling District	97
4.6: Economic Livelihoods in the Municipal Towns of Darjeeling District	99
4.6.1: Work Participation Rate	99
4.7: Demographic and Social characteristics of Slum & Non-Slum Population in the Municipal Towns of Darjeeling District	100-105
4.7.1: Slum & Non-slum Population in the Municipal towns of Darjeeling District	101
4.7.2: Sex Ratio of Slum & Non-Slum population in the Municipal Towns of Darjeeling District	103
4.7.3: Social Composition of Slum & Non-Slum Population in the Municipal Towns of Darjeeling District	103
4.7.4: Literacy Rate among Slum & Non-Slum population in the Municipal Towns of Darjeeling District	104
4.8: Economic Activities of the Slum & Non-slum Population in the Municipal Towns of Darjeeling District	105-108
4.8.1: Work Participation Rate of Slum & Non-Slum population in the Municipal Towns	105

4.8.2: Distribution of Workers of Slum & Non-Slum population by different Categories of Work in the municipal towns of Darjeeling District.	106
4.9: Financial Scenario of Siliguri Municipal Corporation (SMC) Area	108-111
4.9.1: Total and per capita Expenditure/Receipt under Different Heads in SMC between 1985-86 and 2009-10	108
4.9.2: Expenditure under different heads by Urban Poverty Alleviation (UPA) & Slum Improvement Cell in SMC (1985-86 to 2009-10)	109
4.9.3: Financial Status of the Schemes under Integrated Housing and Slum Development Programme (IHSDP)	111
4.9: Concluding Remarks.	111
<i>References</i>	112
Chapter V: Demographic Characteristics and Socio Economic Status of the Urban Poor in the Inner City Squatter Settlements	113-177
5.1: Introduction	113
5.2: Demographic and Social Characteristics of the Sample Households in the Inner City Squatter settlements of SMCA	113-117
5.2.1: Population, Duration Residence/Migration, Family Size, and Sex Ratio	114
5.2.2: Social Caste, Religion, Mother Language and Marital Status	114
5.2.4: Distribution of Squatters by Age groups and Dependency Ratio	116
5.3 Migration Characteristics of the Sample Households in the Inner City Squatter Settlements of SMCA	117-123
5.3.1 Migration by Generation & Reasons	117
5.3.2 Streams of Migration	120
5.3.3: Push and Pull Factors of Migration of the Squatter Households	122
5.4: Human Capital Generation of the Sample Households in the Inner city Squatter Settlements of SMCA	123-126
5.4.1: Literacy Rate (Excluding 0-6 Age)	123
5.4.2: Level of Education (Excluding 0-6 Age)	124
5.5: Physical Capital of the Sample Households in the inner city Squatter Settlements of SMCA	126-136
5.5.1: Land Characteristics	126
5.5.2: Housing Characteristics	128
5.5.3: Residential Crowding by Shelter Deprivation	129
5.5.4: Infrastructural Facilities: Approach Road, Waste Disposal, Drainage and Electricity	131
5.5.5: Sanitation, Drinking Water and Fuel Sources for Cooking	132
5.5.6: Utilisation of Public Health Services	134
5.5.7: Value of the Physical Assets (Survey Period)	135
5.6: Economic Livelihood of the Sample Households in the Inner City Squatter Settlements of SMCA	136-144
5.6.1: Earning Status of the Households	136
5.6.2: Employment and Work Participation Rate (WPR)	137
5.6.3: Employment by Sectors	137
5.6.4: Distribution of Employment by Activity Status	139
5.6.5: Education in Employment by Activity Status	142
5.6.6 Level of Skills and Sources of Skill Acquisition	143
5.7: Income, Expenditure and Savings Profile of the Sample Squatter Households the Inner City	144-151

5.7.1: Distribution of Households by different Income, Expenditure and Savings Class	144
5.7.2 Proportion of Income, Expenditure and Savings to total Income	147
5.7.3 Monthly per Capita Income, Expenditure (Food and Non-Food Items) and Savings	147
5.7.4 Inequalities in Income, Expenditure and Savings	149
5.7.5 Expenditure on Food and Non-Food Items	150
5.8: An Empirical Validation of the Engel's Law: Estimation of Marginal Propensity to Consume and Expenditure Elasticity in the Inner City.	151-162
5.8.1: Methodology	151
5.8.2: Interpretation of the Results	153
5.9 Financial Capital of the Sample Households in the Inner City Squatter Settlements of SMCA	162-165
5.9.1: Indebtedness of the Households.	163
5.10: Quality of Life (QoL) Index of the Sample Households in the Inner City Squatter Settlements	165-174
5.10.1: Variables for Constructing Quality of Life Index	166
5.10.2 Methodology for Constructing Quality of Life Index	169
5.10.3: Interpretation of the Results.	171
5.11: Conclusion	174
<i>References</i>	175
Chapter VI: Demographic Characteristics and Socio-Economic Status of the Urban Poor in the Peripheral City Squatter Settlements	178-221
6.1: Introduction	178
6.2: Demographic and social Characteristics of the Households in the Peripheral City Squatter Settlements of SMCA	178-182
6.2.1: Population, Duration of Residence/Migration, Family Size and Sex Ratio	178
6.2.2: Social Caste, Religion, Mother Language and Marital Status	179
6.2.3: Distribution of Squatters by Age groups and Dependency Ratio	180
6.3: Migration characteristics Households in the Peripheral City Squatter Settlements of SMCA	182-187
6.3.1: Migration by Generation & Reasons	182
6.3.2: Streams of Migration	184
6.3.3: Push and Pull Factors of Migration of the Squatter Households	186
6.4: Human Capital Formation of the Squatters in the Peripheral City of SMCA	187-190
6.4.1: Literacy Rate (Excluding 0-6 Age)	187
6.4.2: Level of Education (Excluding 0-6 Age)	188
6.5: Physical Capital of the Sample Households in the Peripheral City Squatter Settlements of SMCA	190-198
6.5.1: Land Characteristics	190
6.5.2: Housing Characteristics	191
6.5.3: Residential Crowding by Shelter Deprivation	192
6.5.4: Infrastructural Facilities Approach Road, Waste Disposal, Drainage and Electricity	193
6.5.5: Sanitation, Drinking Water and Fuel Sources for Cooking	195
6.5.6: Utilisation of Public Health Services	196

6.5.7: Value of the Physical Assets (Survey Period)	197
6.6: Economic Livelihood of the Squatter Households in the Peripheral City of SMCA	198-204
6.6.1: Earning Status of the Households	198
6.6.2: Work Participation Rate (WPR)	199
6.6.3: Employment by Sectors	199
6.6.4: Employment by Activity Status	200
6.6.5: Education in Employment by Activity Status	202
6.6.6: Level of Skills and Sources of Skill Acquisition of the Workers.	203
6.7: Income, Expenditure and Savings Profile of the Squatter Households in the Peripheral City of SMCA	204-211
6.7.1: Distribution of Households by different Income, Expenditure and Savings Class	204
6.7.2: Proportion of Expenditure and Savings to total Income	207
6.7.3: Monthly Per Capita Income, Expenditure and Savings	207
6.7.4: Inequality in Income, Expenditure and Savings	209
6.7.5: Expenditure on Food and Non-Food Items	209
6.8: An Empirical Validation of the Engel's Law: Estimation of Marginal MPC and Expenditure Elasticity in the Peripheral City	211-217
6.9: Financial Capital of the Sample Households in the Peripheral City Squatter Settlements of SMCA	217-218
6.9.1: Indebtedness of the Households	217
6.10: Quality of Life Index of the Squatter Households in the Peripheral City of SMCA	218-220
6.10.1: Interpretation of the Results	218
6.11: Conclusion	221
Chapter VII: Migration, Livelihood Opportunities and the Informal Sector in the Context of Informal Settlements under Siliguri Municipal Corporation: A Synthesis of the Experiences of the Urban Poor	222-260
7.1: Introduction	222
7.2: Demographic and Social Characteristics of the Sample Inner and Peripheral City Squatter Settlements of SMCA under Study	222-224
7.2.1: Population, Duration of Residence, Family Size, and Sex Ratio	222
7.2.2: Social Characteristics	223
7.2.3: Distribution of Squatters by Age Groups and Dependency Ratio	224
7.3 Migration Characteristics of the Households in the Inner and Peripheral City Squatter Settlements of SMCA	224-228
7.3.1: Migration by Generation and Reasons	224
7.3.2: Streams of Migration (First Generation)	226
7.3.3: Push and Pull Factors of the Migrant Households (First generation)	227
7.4 Generation of Human Capital in the Sample Inner and Peripheral City Squatter Settlements of SMCA	228-230
7.4.1: Literacy Rate (Excluding 0-6 Age)	228
7.4.2: Level of Education (Excluding 0-6 Age)	229
7.5. Physical Capital available to the Sample Squatter Households in the inner and Peripheral City Squatter Settlements of SMCA	230
7.5.1: Land Characteristics	230
7.5.2: Housing Characteristics	231

7.5.3: Residential Crowding by Shelter Deprivation	232
7.5.4: Infrastructural Facilities	233
7.5.5: Scenario of Sanitation, Drinking Water and Fuel Sources	235
7.5.6: Utilization of Public Health Services	237
7.5.7: Value of the Physical Assets	239
7.6. Economic Livelihood of the Squatters in the Inner and Peripheral City of SMCA under Study	239-245
7.6.1: Earning Status of the Households	239
7.6.2: Work Participation Rate (WPR)	240
7.6.3: Employment by Sectors	240
7.6.4: Employment by Activity Status	241
7.6.5: Level of Education in Employment by Activity Status	243
7.6.6: Level of skill and Sources of Acquisition of Skill among the Squatters in SMCA	244
7.7: Income, Expenditure and Savings Profile of the Squatter Households in the Inner and Peripheral City	245-248
7.7.1: Proportion of Expenditure and Savings to total Income	247
7.7.2: Monthly per Capita Income, Expenditure and Savings relationship among the households under SMCA	247
7.7.3: Expenditure on Food and Non-Food items	248
7.8: Estimation of Marginal Propensity to Consume and Expenditure Elasticity on Food and Non-Food Items: Validation of Engel's Law in SMCA under Study	248-253
7.8.1: Estimate of Marginal Propensity to Consume (MPC)	248
7.8.2: Estimate of Expenditure Elasticity	251
7.9: Financial Capital of the Squatter Households in the Inner and Peripheral City of SMCA	253-254
7.9.1: Indebtedness of the Households	253
7.10: Quality of Life of the Squatter Households in the Inner and Peripheral City of SMCA	254
7.11: Conclusion	256
<i>References</i>	257
Chapter VIII: Social Capital Formation and Livelihood Strategies of the Squatters in the Inner and Peripheral City under Siliguri Municipal Corporation	261-286
8.1: Introduction	261
8.2: Social Networking in Migration of the Squatter Households in the Inner City	263
8.3: Social Networking in Search for Housing among the Squatter Households in the Inner City	264
8.4: Social Networking in Access to Employment of the Squatters in the Inner City	265
8.4.1: Social Networking in Employment/Occupational Choice Function (Maximum Likelihood Estimate): A Multinomial Logit Model	267-274
8.4.1: (I): Methodology	267
8.4.1: (II): Modeling for Occupational Choice Function	269
8.4.1: (III): Interpretation of the Results	271
8.5: Social Networking in Access to Loan/Credit of the Squatter Households in the Inner City	274
8.6: Social Capital Formation among the Squatter Households through Community Participation in the Inner City	275
8.7: Social Networking in Migration of the Squatter Households in the Peripheral City	276

	viii
8.8: Social Networking in Search for Housing among the Squatter Households in the Peripheral City	277
8.9: Social Networking in Access to Employment of the Squatters in the Peripheral City	278-282
8.9; 1(D): Social Networking in Occupational Choice Function (Maximum Likelihood Estimate) in the Peripheral City	279
8.9.1: (II): Interpretation of the Results	280
8.10: Social Networking in Access to Loans/Credit of the Squatter Households in the Peripheral City	282
8.11: Social Capital Formation through Community Participation among the Squatter Households in the Peripheral City	283
8.12: Conclusion	284
