

CONTENTS

Preface	i-ii
Acknowledgement	iii
List of Figures	viii-x
List of Tables	xi
1.0 Introduction	1 - 8
1.1 Scope of Study	1
1.2 Area of Study	3
1.3 Hypothesis	3
1.4 Objectives	4
1.5 Methodology	5
1.6 Expected Outcome	7
1.7 Limitations	8
2.0 Geographical Set-up of Dhupguri Block	9 - 27
2.1 Introduction	9
2.2 Geology	9
2.3 Relief/Topography	12
2.4 Drainage	15
2.5 Climate	17
2.5.1 Seasons	18
2.5.2 Rainfall	18
2.5.3 Temperature	22
2.6 Soil	22
2.7 Natural Vegetation	23
2.8 Conclusion	25
2.9 References	26
3.0 Physical Resource Base of Dhupguri Block	28 - 51
3.1 Introduction	28
3.2 Soil Resources	28
3.2.1 Pedogenesis	29
3.2.2 Classification of Soils	30
3.2.2.1 Entisols	30
3.2.2.1.1 Aquents	31
3.2.2.1.2 Fluvents	33
3.2.2.2 Inceptisols	34
3.2.2.2.1 Ochrepts	34
3.2.3 Characteristics of Surface Soil	35
3.2.3.1 Textural composition of soil	35
3.2.3.1.1 Sand composition	35
3.2.3.1.2 Silt composition	36
3.2.3.1.3 Clay composition	37
3.2.3.2 Soil Reaction	38
3.2.3.3 Organic Carbon content	39
3.2.3.4 Nitrogen	40
3.2.3.5 Base exchange capacity	41
3.3 Water Resources	42
3.3.1 Assessment of Surface Water Resources	43
3.3.1.1 Study of Rainfall and run-off	43
3.3.1.2 Estimation of Water Resource	44

3.3.2 Ground Water Resources	46
3.3.2.1 Water table in Rainy months	46
3.3.2.2 Water table in dry months	47
3.3.2.3 Ground water Quality Analysis	49
3.4 Conclusion	50
3.5 References	51
4.0 Cultural Resource Status of Dhupguri Block	52 - 87
4.1. Introduction	52
4.2 Socio-economic Status of Gram Pancheyets	52
4.2.1 Population and Family set-up	52
4.2.1.1 Caste Composition	54
4.2.1.2 School Drop-out	56
4.2.1.3 Physically Challenged Persons	57
4.2.2 Occupation Structure	58
4.2.2.1 Available Idle Man-Days	59
4.2.3 Economic Status of Family	62
4.2.3.1 Below Poverty Level Family	62
4.2.3.2 Cultivable Land Less Families	64
4.2.4 Animal Resources Status of Gram Pancheyets	66
4.2.4.1 Cow and Buffalo	66
4.2.4.2 Goats and Sheep	67
4.2.4.3 Birds including Chicken and Duck	67
4.2.4.4 Pigs	69
4.2.5 Land Resource Patterns	69
4.2.5.1 Arable Land	69
4.2.5.2 Ponds	70
4.2.5.3 Fallow Land	71
4.3 Socio-economic Status of Dhupguri Municipality	72
4.3.1 Growth of the Municipality	72
4.3.1.2 Projected Population	73
4.3.1.3 Ward-Wise Projected Population	73
4.3.1.4 Projected Ward-wise Density Distribution	73
4.3.2 Demographic Scenario	75
4.3.2.1 Population	75
4.3.2.1.1 Population Density:	76
4.3.2.1.2 Sex Ratio:	76
4.3.2.2 Education Status:	77
4.3.2.2.1 Literacy Rate	78
4.3.2.2.2 School Education	79
4.3.2.2.3 Dropout/Non-attending School	81
4.3.2.3 Ward-wise Children Details	83
4.4 Conclusions	84
4.5 References	86
5.0 Development Planning Processes	88 - 106
5.1 Introduction	88
5.2 Contemporary Processes of Development Planning	88
5.2.1 Road Transport	91
5.2.2 Power Supply	91
5.2.3 Flood Control Measures	92
5.2.4 Irrigation and Water Supply	92

5.2.5 Soil Conservation and Soil Reclamation	93
5.2.6 Education and Human Resource Development	93
5.2.7 Health and Sanitation	95
5.2.8 Safe Drinking Water Supply	96
5.2.9 Poverty Alleviation	96
5.2.10 Livelihood and Job Opportunity	97
5.3 Decentralised Planning	97
5.4 The Three Tier Pancheyeti Raj Institution (PRIs)	99
5.5 Participatory Planning	100
5.6 Watersheds planning	101
5.6.1 Watershed Management	102
5.6.2 Watershed Model of Dhupguri Block	103
5.7 Conclusions:	104
5.8 References	105
6.0 Development of Geo-informatics	107 - 140
6.1 Introduction	107
6.2 Development of Database at Gram Sansad Level	107
6.2.1 Gram Sansad Level Database Structure	109
6.2.2 Findings	117
6.3 Development of Database at ULB (Urban Local Body) Level	117
6.3.1 Objectives	118
6.3.2 ULBs Database	118
6.3.3 Status of resource appreciation in Dhupguri	125
6.3.3.1 Land Use Pattern	125
6.3.3.1.1 Agricultural Use:	126
6.3.3.1.2 Residential Use:	126
6.3.3.1.3 Commercial Use:	127
6.3.3.1.4 Water bodies & Wetlands:	129
6.3.3.1.5 Concentration of Green Cover including Cultivated area:	130
6.3.3.2 Drains & Sewars	130
6.3.3.2.1 Pucca Drains:	130
6.3.3.2.2 Kutchha Drains:	130
6.3.3.2.3 Density of Drains:	132
6.3.3.3 Road Network:	133
6.3.3.3.1 Roads Density:	133
6.3.3.4 Commercial Establishments in Dhupguri Municipality	135
6.3.3.4.1 Ownership	135
6.3.3.4.1.1 Owned Shops:	136
6.3.3.4.2 Rented Shops:	136
6.3.3.4.3 Leased Shops:	136
6.3.3.5 Family Income	137
6.4 Conclusion	138
6.5 References	140
7.0 Situation Analysis	141 - 172
7.1 Introduction:	141
7.2 SWOT Analysis of Dhupguri Block	141
7.2.1 Strengths	141
7.2.2 Weaknesses	143
7.2.3 Opportunities	143
7.2.4 Threats	144

7.3 Identifying Backward Pockets	145
7.3.1 Diagnostic Criteria	146
7.3.2 Methodology	146
7.4 Backward Pockets	148
7.4.1 Concentration of (Samsad) wise SC and ST Population (Primitiveness)	148
7.4.1.1 Correlation between Primitiveness and Backwardness	156
7.4.2 Economic Backwardness (BPL)	157
7.4.2.1 Correlation between BPL Population and Backwardness	158
7.4.3 Educational Backwardness (Drop out)	159
7.4.3.1 Correlation between School drop-out and Backwardness	161
7.4.4 Infrastructure Backwardness (Drinking Water Less Family)	161
7.4.4.1 Correlation between Drinking Water Less Family and Backwardness	163
7.4.5 Infrastructure Backwardness (Sanitation Less Family)	163
7.4.5.1 Correlation between Sanitation Less Family and Backwardness	164
7.4.6 Occupational Backwardness (Idle Man-days)	165
7.4.6.1 Correlation between Idle Man-days and Backwardness	166
7.4.7 Livelihood Support Backwardness (ARD)	167
7.4.7.1 Correlation between Domestic Animals and Backwardness	168
7.5 Overall Backwardness of Dhupguri Block	169
7.6 Conclusion	171
7.7 References	172
8.0 Application of Geo-informatics	173 - 196
8.1 Introduction	173
8.2 Spatial Decision Support System (SDSS) for Development Planning	174
8.3 Decentralized Planning at PRIs Level	177
8.3.1 Present Scenario	178
8.3.2 Integration of Spatial and Non-spatial Database	178
8.3.3 Monitoring & Evaluation	179
8.3.4 Linkage of Spatial and Non-Spatial Data	180
8.3.5 Case Studies	181
8.3.5.1 Case Study I: Locating Sites for new SSKs (Sishu Shiksha Kendra).	181
8.3.5.2 Case Study II: Locating sites for new SSKs in Sakojhora II	184
8.3.5.3 Case Study III: Locating best suitable sites for new SSKs in Salbari I GP	186
8.4 Spatial Decision Support for ULBs	188
8.4.1 Introduction	188
8.4.2 Spatial Technologies for Design and Decision Support	188
8.4.3 Digital Environments for Decision Support	189
8.4.4 Case Studies	190
8.4.4.1 Case Study I: Locating sites for new Crematorium in Municipality	191
8.4.4.2 Case Study II: Locating best suitable sites for new SSKs in Municipality	192
8.4 Conclusions	194
8.6 References	195
Summary & Conclusion	197- 205
Selected Bibliography	206-213
Appendix I	214-258
