## ACKNOWLEDGEMENTS

---

I am highly grateful to my guide Dr. Ranadhir Chakraborty, Associate Professor & Head of the Department of Biotechnology, North Bengal University, by the grace of whom my research work was completed successfully. It gives me immense pleasure to express my indebtedness to him for his accomplished advice in setting up work-plan and objectives, giving valuable suggestions, constant guidance and keen interest in the work, and for allotting his valuable time during the entire course of study. There were times, when we disagreed, but he always gave me the academic freedom which every serious researcher would like to have. He was the one, who completely molded my ways, timed my duties and gave me the strength to fight in every tough situation that often created hindrances throughout the journey. It is difficult for me to write in few words my gratitude towards him...It is me and only me who knows how I gratefully acknowledge him for providing me an interesting research program, his whole hearted involvement in carrying out the research works.

I express my sincere thanks to the Registrar, North Bengal University, for granting me the privilege to carry out my research work in the said University.

I owe special thanks to Dr. Bhaskar Bhadra and Dr. Suchitra Sarkar for providing the basic platform to carry out my research work.

I would like to convey my sincere thanks to Mr. Amit Kumar Mandal and Mr. Bipranch Kumar Tiwary who has contributed in various ways. Without whom, the density of my thesis could have been seriously affected.

I am very grateful to Prof. Syed S. Islam and Mr. Ipsita K. Sen, Department of Chemistry and Chemical Technology, Vidyasagar University, Midnapore for their kind support and infrastructural help.

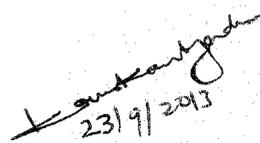

I gratefully appreciate the sincerity of Mr. Arvind Kumar who has co-operated in various ways and had given constant encouragements.

I thank all my senior colleagues and friends (Miss. Shriparna Mukherjee, Mrs. Suparna Bhowal) at the Department of Biotechnology for their consistent support and help. I owe my gratitude to all the teaching and nonteaching staff of the department, for their active cooperation to carry out the research.

I sincerely thank Mrs. Anjali kumari, my wife, for her sincere encouragement. She had shouldered my responsibilities, provided monetary support whenever I required, gave me her valuable company in all my bad times and provided peaceful atmosphere at home; all her direct and indirect cooperation helped me to improve the quality of my research. Word cannot express my thanks to my father-in-law Dr. Subhas Prasad Verma and my mother-in-law Smt. Ranju Verma for all their love and encouragement.

Finally, I would like to thank and express 'inexpressible' gratitude to my father Sri Surya Deo Yadav and my mother Smt. Radhika Yadav for providing me the mental and financial support to work tirelessly. Submitting my thesis to get the most honorable degree of education was actually the dream of my wife and my parents, I am proud to have made their dream come true...after all.

Dated 23/9/2013.
