

### ACKNOWLEDGEMENTS

I wish to express my sincerest gratitude to Dr. B. Dasgupta, Principal, Darjeeling Government College, Darjeeling, for giving me his invaluable guidance throughout the course of this investigation. I offer my warmest thanks to Dr. P. Roy, Dept. of Zoology, Siliguri College, Siliguri for providing me a model of the fly trap and for suggestions in every respect. My warmest thanks are due to Dr. Rokuro Kano of the Dept. of Medical Zoology, Tokyo Medical and Dental University, Tokyo, Japan, Dr. Satoshi Shinonaga, Dept. of Medical Zoology, Tokyo Medical and Dental University, Tokyo, Japan and Dr. Bhanu Nandi, Lecturer, Hooghly Mohsin College, Ghinsurah, for their help in the identification of flies and for various help.

My sincerest thanks are due to Dr. Pekka Nuorteva of the Zoological Museum, University of Helsinki, Helsinki, Finland; to Dr. Osamu Suenaga, Dept. of Medical Zoology, Research Institute of Endemics, Nagasaki University, Japan; to Dr. A.C. Pont of British Museum of Natural History, London, to Dr. František Gregor, Institute of Parasitology, Czechoslovak Academy of Sciences, Prague, Czechoslovakia and to Dr. Mihály Ferenc, Zoological Department of the Hungarian Natural History Museum, Budapest, Hungary for providing me with literature.

I am also grateful to Dr. A.M. Goon, Professor of Statistics, Presidency College, Calcutta, for his help in the statistical analysis of the data. I wish to express my sincerest thanks to Dr. S.K. Dasgupta, Professor and Head of the Dept. of Zoology, Presidency College, Calcutta, for the laboratory facilities and ungrudging help during the course of this investigation. I would also like to thank Mr. Adhir Kumar Das, Offg. Director, Zoological Garden, Alipore, Calcutta for permitting me to conduct the experiment inside the Garden and to the Meteorological Dept., Government of India for kind permission to use the meteorological data.

I wish to record my sincerest thanks to my colleagues Mr. Sabyasachi Mazumder, Mr. Subhendu Talapatra, Teacher Fellows of the Department of Zoology, Presidency College, Calcutta for their help at different stages of investigation in the Laboratory. Thanks are also due to Mr. S.B. Sen, Dept. of Botany, Presidency College, Calcutta for his help in collection of flies. My gratitude is also due to Mr. Bilwa Ghosh of Belur, Howrah, who has assisted me for drawing different diagrams and for preparing the map of Calcutta.
