

ACKNOWLEDGEMENTS

I express my deep sense of gratitude to Professor B. Dasgupta, M.Sc., Ph.D (London), Head of the Department of Zoology, Presidency College, Calcutta, West Bengal, India, for suggesting the problems of this thesis. I humbly acknowledge his untiring guidance and supervision.

I feel much pleasure in thanking Dr. Kamallesh Chatterji, Ex-Head of the Department of Zoology, Darjeeling Government College, Darjeeling, West Bengal, India, who continuously encouraged and helped me in all sorts of difficulties.

I am grateful to Professor S.N. Roychoudhuri, Principal, Darjeeling Government College, West Bengal, India, who granted me all sorts of facilities available in the Laboratory and Library of his college. I am grateful to him for his valuable suggestions and necessary help.

I am also grateful to my respected teachers, viz., Mr. Mahitosh Banerji, Assistant Professor, Department of Zoology, Darjeeling Government College, Darjeeling; Dr. A.K.Banerji, Assistant Professor, Department of Zoology, Presidency College, Calcutta; Dr. A.K.Sinha, Assistant Professor, Department of Zoology, Presidency College, Calcutta; Mr. R.N.Guin, Lecturer, Department

of Zoology, Presidency College, Calcutta; Dr. S.K.Dasgupta, Head of the Deptt. of Zoology, Hooghly Mohussin College, Hooghly; Dr. Simananda Adhikari, Head of the Deptt. of Zoology, Maulana Azad College, Calcutta; Dr. Pronobesh Roy, Lecturer, Department of Zoology, Siliguri College, West Bengal, India.

Sincere thanks are due to Mr. D.K.Dey, Director, Himalayan Zoological Park, Darjeeling, West Bengal, India; Mr. B.N.Ghosh, Assistant Director of the above Zoological Park; Mr. D.K.Chatterji, Research worker, CIBA of India Ltd., Bombay; Dr. M.Datta, Assistant Zoologist, Zoological Survey of India, Shillong, Meghalaya, India.

Hearty thanks are due to those energetic Nepali and Sherpa boys of Darjeeling who helped me in various ways.

I would record here a few words of gratitude to the Principal, Presidency College, and Head of the Deptt. of Zoology, Presidency College, Calcutta, for their kind permission to use the Laboratory in course of this investigation.

Sincere acknowledgements are made to the University of North Bengal, Raja Ramohunpur, Dist. Darjeeling, West Bengal, India, for awarding me a scholarship and granting me necessary financial help.
