

A C K N O W L E D G E M E N T

I gratefully acknowledge my indebtedness to Prof. S.H.Sen, Head of the Department of Physics and Dean of the Faculty of Science University of North Bengal, Darjeeling, India, for his active interest and guidance and constructive criticism during the progress of this work.

Thanks are due to the Vice-Chancellor, University of North Bengal for providing me with all library and laboratory facilities. Thankful acknowledgements are due to esteemed colleagues of the Physics Department and to the members of the staff of the Central Library of the University of North Bengal.

Lastly I express my sincere thanks to the Technical staff of the Physics Department for helping me to design and construct different equipments used for the present investigation and also to Mr. Ghosh for printing the pictures.
