I feel greatly privileged to express my deepest and most sincere gratitude to my respectable supervisor Dr. N R Manna, Professor, Department of Computer Science & Application, University of North Bengal for continuous encouragement, stimulating suggestions and guidance during the course of my work and at the same time his far-sightedness helped me a lot to complete my thesis. Without his kind supervision this work would not have been materialized.

I also express my thanks to my colleagues for their valuable suggestions, tips and help throughout my work.

I would like to offer my special thanks to the University authority and UGC to carry out this work in this University.

I would like to express my gratefulness to my family members especially to my beloved parents, Hony Sub Major (Retd.) Radheshyam Mandal and Smt Rama Mandal. Last but not the least, I am also deeply indebted to my wife Smt. Lipika (Roy) Mandal for her continuous encouragement and sacrifice to complete the work in time.
