

ACKNOWLEDGEMENT

I would like to express my deepest gratitude to my honourable supervisor Dr. Sajal Das, Assistant Professor in Chemistry, University of North Bengal, Darjeeling for his inspiring guidance and constant encouragement throughout the entire course of study.

My heart full thanks to respected Prof. Basubeb Basu for his precious and inspiring suggestion for my research. In many ways, he has helped me to shape me into the researcher I am today.

I would also like to thanks my laboratory colleagues for their help, co-operation and lively companionship.

Thanks are also due to all teachers, staff members and research scholars of the Department of Chemistry, NBU, Darjeeling.

I express my sincere thanks to my friend cum elder brothers Soumik da and Koushik da for their support during the last five years.

I offer my special thanks to Bimolendu da for recording Mass Spectroscopy and helping me a lot during my Ph.D. work.

I owe a debt to Trina for her constant support throughout my work and her enragement to do something better.

Financial supports from UGC, DST and CSIR, Govt. of India, are gratefully acknowledged.

The single largest contribution is properly shaping me what I am today comes from the faith, hope and pride of parents. Words are inadequate for expressing such feelings.
