

INDEX

- Absolute poverty 3
 Aggregation of the plans 4
 Avenues for employment 14
 Arithmetic tables 19
 Autonomous business houses 344
 Agency of extension (advice) 345
 Age Specific Death rate 344
- Balance and proportional employment of women 3
 Basic weakness of womenfolk 4,70
 Brunt of domestic chores 11
 Biological deficiencies 22
- Choice
 — Individual 2
 — Individual choice
 being consistent with
 community utility 324
 — of productive of creative work 2
 — of major sectors of activities 120
 Cluster of fifty households 19
 Complete milk complex 344
 Cooperative institutions 6
 Comparison of expectation function for males and females x
 Complementary and mutually supporting 6
 Chenery variation to Tableau Economique 11
 Construction of crude production schedules 123
 Development planning 8
 Domestic chores
 — 1st kind 51-2
 — 2nd kind 51.52
 Distribution of occupations of men and women 339
 Demography 339
 — of death 74
 Demographic optimality planning 9
 Diverse enterprises 6
 Discrimination 4,70
 — covert 5
 — against women 10
 — in respect of nourishment and health care 10
 Demand for full employment xi
 Disparity in respect of employment 13
 Domination of male members 4
 Diminishing marginal physical productivity 332
- Expressivism 1
 Emotional life 1
 Endowment
 — land ix
 — human 3
 Expectation of life 10
 — at birth x, 76
 — for males 80
 — for females 80
 — at every age 11
 Expectation function 95
 Expectancy of life 7
 — between the poor and not poor 7
 — of women 7
 — at different ages 12
 Elaborate questionnaire 14
 Empirical study of the existing operations 6
 Explanatory variables 7
- Fertility of soil 345
 Feminine labour power 5
 Fast development with constancy of population 3
- Gram Panchayat 19
 Gender discrimination 19
 General equilibrium analysis 331
 General equilibrium problem 331
 Globalisation 331
- Household 12
 — schedules 12
 Hypothesis 1
 Harmful bacteria 18
 Hollowness of women's position 11
 Homestead lands 12
- Institutional reforms 68, 333
 Instrumentalism 1
 Input-Output tables 332, 343
 Importing foreign exchange 5
 Infinite potential of land endowment ix, 330
 Instrument of training 3
 Inter-industry economics 333
 — area division of labour x
 Industrial production function 332
 Integrated development of the lagging local level rural economies 6
 Infanticide 93, 341
 Internal debt 346

- Legal restructuring 13
 Local resources ix
 Land reforms x, 126
 Local level rural economies 5, 14
 Level of irrigation 18
 Life tables 76
- Mandays 105
 Maternal mortality 69
 Masculine productive system 69
 Male-female ratio 23
 — in employment 23, 341
 — in domestic chores 342
 Massive poverty, unemployment and under employment x
 Multiple Regression production function 13
 Mutually supporting new activities 20
 Marital status 116
 Macro mathematical model 330
 Mutual protection 6
- National economic system 3
 Native human endowment 3
 Non discriminatory protection of life 94
 Non-agricultural productive activities 23
- Owner operator 5
 Opinion survey 7, 114
 Option of women for work 7
- Polarism 1
 Plough cultivation 22
 Poverty
 — absolute 341
 — relative 341
 Physical differences among men and women 339
 Proportional occupational distribution 3339
 Productive and creative work 1, 339
 Participation in productive activities 2
 Planning
 — of distribution of occupations of men and women 339
 — Sex wise distribution of occupations 10
 — of our local level rural economies 5
 — centralised 4, 9
 — Top-Down 9
 — Down-Top 9
- Persons-years viii
- Rural planning authorities ix
 — economies 14, 339
- Rightful share of paid work 13
 Raiffeisen
 — cooperatives 337, 334
 — and their associations 343
 — model of farmers credit bank 343
 — peoples' planning authority 337, 345
 Radical reform in the planning apparatus of countryside 343
 Reducing fertility 3
 Regional exchange 6
- Sexual discrimination 22
 Sex ratio 76
 Synthesism 1
 Subsistence agriculture 21
 Structural interdependence of a national economy 331
 Stationary equilibrium 332
 System of security or of morality 6
 Shifting agriculture 22
 Scientifically permissible method 7
 Simple regression production function
 Sexual discrimination 19
- Tangible fixed capital 3
 Target people 5
 Tableau of Economique 333
 Technical relation between the physical output of an industry and inputs used in production and bought from all other industries 332
 Technology 5
 — existing 5, 338
 — new borrowing 5
 Technologists 130
 Technological
 — investigation 332
 — gap 3
 Topography 8
 Transparent cooperation 344
- Utility 2
 Utilitarian ethics 2, 339
 Community utility 2, 339
 Uncongenial environment 22
- Well planned revision of the rules of the game 4
 Well designed conceptual framework 11
 Wage earnings 23
 Women's cooperatives 6
