

Preface

I have much pleasure in expressing my deepest sense of gratitude to my supervisor Dr. Palashi Mandal, Assistant Professor, Department of Botany, University of North Bengal, for his inspiration, encouragement and guidance throughout the execution of this work. I am grateful to Prof. A. P. Das, Department of Botany, University of North Bengal for providing various laboratory facilities, his ungrudging help and advice throughout the endeavour.

I am also indebted to Prof. A. Saha, Head of the Department, Prof. P. K. Sarkar, Prof. B. N. Chakraborty, Prof. U. Chakraborty, Prof. A. Sen, Dr. S. C. Roy and Dr. M. Chowdhury of Department of Botany, University of North Bengal for their valuable advice and encouragement throughout the course of the work.

I would also like to express my sincere gratefulness to Prof. A. K. Nanda of Department of Chemistry, University of North Bengal for IR and NMR analysis required in my research work.

I further express my thanks to my laboratory members Ms. Mitali Ghosal, Ms. Arunika Subba, Ms. Suchisree Jha, Ms. Sumira Mukherjee, Mr. Sujoy Sen and Mr. Priyankar Roy.

Special thanks to Department of Science and Technology (DST) for financial support as Junior and Senior Research Fellowship under INSPIRE Scheme to carry out this piece of work.

I take this opportunity to express my heartfelt gratitude and respect to my beloved parents Shri. Bharat Prasad and late Smt. Bimla Devi. I am also grateful to all other family members for their endless inspiration, encouragement and affection throughout the endeavour. I am also indebted for all the valuable prayer and support of my near and dear ones who were there for me always.

Above all, I thank almighty God for giving me strength, knowledge, patience, good health and guiding me towards goodness.
