

ACKNOWLEDGEMENT

I would like to express my earnest sense of gratitude to my respected supervisor, Dr. Mahendra Nath Roy, Professor, Department of Chemistry, University of North Bengal, Darjeeling, India. Throughout my research period, I have received constant guidance, valuable suggestions, and inspiration from him. The trust, support and ‘the freedom to create’ afforded by him during my research work is very much appreciable. Without his loving care, responsible guidance, and priceless supervision, it would have never been possible for me to bring the present form of this thesis. In fact, it's my fortunate to have him as my supervisor.

My Special thanks to my Hon'ble Teacher, Dr. Pinaki Bandyopadhyay for his continuous suggestion and guidance.

I also articulate my profound sense of gratitude to the honourable faculty members, Department of Chemistry, University of North Bengal for their helpful assistance and continual inspiration during the course of my research. I am grateful to the University authority for providing laboratory facilities, especially University Scientific Instrumentation Centre, University of North Bengal for giving me instrumental facilities.

My sincere gratefulness to my father, Mr. Kamala Chandra Roy, and my mother, Mrs. Kalpana Roy, my elder brother, Mr. Nandalal Roy and my elder sister, Miss. Tapashi Roy for their

constant supports, encouragements and contributions with a view to building my career and their continuous inspiration went a long way to the completion of the thesis.

I would like to thank Dr. Deepak Ekka, Dr. Tanusree Ray and Dr. Milan Chandra Roy, Mr. Biswajit Datta, Mr. Biraj Kumar Barman and all of lab mates for their valuable assistance, suggestion and cooperation during my research work.

Finally, I would like to convey my acknowledgement to the University Grants Commission for sanctioning me the “UGC-RGNF Research Fellowship”, Ref. No. F.1./2012-13-SC-WES-17229 and University of North Bengal for “University /state Fellowship”, Ref. No. 413/R-2013 for financial assistance in order to continue this research work. I am also thankful to the ‘ONE TIME GRANT’ Ref No. F.4-10/2010(BSR) awarded to my Supervisor, Prof. M. N. Roy, under Basic Scientific Research (BSR), UGC, New Delhi for financial and instrumental assistance in connection with my research works.
