	Page No.
ABSTRACT	i
ACKNOWLEDGEMENT	iv
TABLE OF CONTENTS	v
LIST OF TABLES	xi
LIST OF FIGURES	xvii
LIST OF ABBREVIATION	xviii
Chapter- One: Introduction	
1.1 Background	1
1.2 Statement of the Problem	4
1.3 Research Questions	5
1.4 Objectives of the Research	5
1.5 Direction and Significance of the Present Study	6
1.6 The plan of the Study	7
1.7 Definition of Terms	8
Chapter – Two: Literature Review	
Section 2.1 Studies Related to the Relationship between Demographic Variables, Work Attributes, and Happiness	11
Section 2.2 Studies Related to the Relationship between Personality and Happiness	19
Section 2.3 Studies Related to Multiple Intelligences	27
Section 2.4 Studies Related to Locus of control and Happiness	35
Section 2.5 Studies Related to the Relationship between Emotional Intelligence and Happiness	37
Section 2.6 Studies Related to the Link between Stress and Happiness	41
Section 2.7 Studies Related to the Relationship between Stress and Emotional Intelligence	43
Section 2.8 Studies Related to the Relationship between Stress and Locus of Control	46
Section 2.9: Conclusion	47
Chapter-Three: Theoretical Analysis and Methodology	
3.1 Theoretical Analysis	49
3.1.1 Happiness at work	49

3. 1.2.	Concept of Personality	51
3.1.3	Concept of Intelligence	55
3.1.4	Concept of Occupational Stress	59
3.2	Conceptual Model	61
3.2.1	Research Hypotheses	65
3. 2.2	Design of the Research	65
3. 2.3	Research Variables	65
3. 2.4	Population and sample	66
3. 2.5	Sample Method and Sample Size	66
3.2.6.	The Procedure of Data Collection	67
3. 2.7	Data Analysis and Interpretation	68
3. 2.8	Research Instruments	69

Chapter –Four: Analysis of Relationship between Demographic Variables, Work Attributes and Workplace Happiness

4.1	Introduction	73
4.2	Primary Objective	73
4.2.1	Sub-Objectives	73
4.3.	Research hypotheses	74
4.3.1	Sub Hypotheses	74
4.4	Findings	74
4.4.1	Level of workplace happiness	74
4.4.2	Demographic Data	76
4.4.2.1	Level of workplace happiness of Medical Doctors Based on Gender Variation	81
4.4.2.2	Level of Workplace Happiness of Medical Doctors Based on Age Variation	83
4.4.2.3	Level of Workplace Happiness of Medical Doctors Based on the Educational Standard Variation	85
4.4.2.4	Level of workplace Happiness of Medical Doctors Based on Experience in Service Variation	87
4.4.3	Analysis of Work Attributes Responsible for Workplace Happiness	90
4.4. 5	Discussion	93
4.4.6	Conclusion	95

Chapter-Five: Analysis of Relationship between Personality Type, Multiple Intelligences and Workplace Happiness

5.1	Introduction	97
5.2	Primary Objective	97
5.2.1	Sub-Objectives	98

5.3	Research Hypothesis	98
5.3.1	Sub-Hypotheses	98
5.3.2	Related to MBTI and Workplace Happiness	98
5.3.3	Related to MI and Happiness	98
5.4	Findings Related to the Relationship between Personality Type (MBTI) and Workplace Happiness	98
5.4.1.	MBTI Profiles of Doctors	99
5.4.2.	Relation between MBTI and Workplace Happiness	100
5.4.3	Discussion	102
5.5.	Findings Related to the Relationship between Multiple Intelligences and Workplace Happiness	103
5.5.1.	Multiple Intelligences Profiles of Doctors	103
5.5.2.	Relation between Demographic Variables and Multiple Intelligences	106
5.5.3.	Relation between Workplace Happiness and MI	107
5.5.4	Discussion	109
5.6.	Findings Related to the Relationship between MBTI, MI and Workplace Happiness	111
5.6.1.	Discussion	112
5.7.	Conclusion	112

Chapter – Six: Analysis of Relationship between Locus of Control, Emotional Intelligence and Workplace Happiness

6.1.	Introduction	114
6.2	Primary Objective	114
6.2.1	Sub- Objectives	114
6.3.	Research Hypothesis	115
6.3.1	Sub Hypothesis	115
6.3.2	Sub hypotheses Related to Locus of Control and Workplace Happiness	115
6.3.3	Sub hypotheses Related to Emotional Intelligence and Workplace Happiness	116
6.3.4.	Sub Hypotheses Related to Emotional Intelligence and Locus of Control	116
6.4	Findings Related to the Relationship between Locus of Control and Workplace Happiness	116
6.4.1.	Locus of Control of Medical Doctors	117
6.4.2.	Demographic Variables and Locus of Control	118
6.4.3.	Relationship between Demographic Variables and Internal Locus of Control	119

6.4.3.1. Internal Locus of Control of Medical Doctors Based on Gender Variation	119
6.4.3.2 Internal Locus of Control of Medical Doctors Based on Age Variation	120
6.4.3.3 Internal Locus of Control of Medical Doctors Based on Educational Standard Variation	121
6.4.3.4 Internal Locus of Control of Medical Doctors Based on Experience Variation	121
6.4.4 Relation between Demographic Variables and External Locus of Control	121
6.4.4.1 External Locus of Control of Medical Doctors Based on Gender Variation	121
6.4.4.2.External Locus of Control of Medical Doctors Based on Age Variation	123
6.4.4.3 External Locus of Control of Medical Doctors Based on Educational Standard Variation	124
6.4.4.4 External Locus of Control of Medical Doctors Based on Experience Variation	124
6.4.5 Relation between Workplace Happiness and Locus of Control	125
6.4.6 Discussion	128
6.5 Findings Related to the Relationship between Workplace Happiness and Emotional Intelligence	129
6.5 .1 Level of Emotional Intelligence	129
6.5.2 Demographic Variables and Emotional Intelligence	132
6.5.2.1.Level of Emotional Intelligence of Doctors’ Based on Demographic Variables	132
6.5.2.2 Level of Emotional Intelligence Based on gender Variation	134
6.5.2.3 Level of Emotional Intelligence Based on Age Variation	135
6.5.2. 4.Level of Emotional Intelligence of Doctors Based on Educational Standard Variation	136
6.5.2. 5 Level of Emotional Intelligence of Medical Doctors Based on Experience variation	137
6.5.3 Variance in Happiness on the Basis of Emotional Intelligence	139
6.5.4 Relation between Happiness and Emotional Intelligence	141
6.5 .5 Discussion	148
6.6 Findings related to the Relationship between Locus of Control and Emotional Intelligence	150
6.6.1 Discussion	152

6.7	Relation between Workplace Happiness, Locus of Control and Emotional Intelligence	153
6.7.1	Discussion	154
6.8	Conclusion	154

Chapter – Seven: Analysis of Relationship between Occupational Stress, Emotional Intelligence, Locus of control and Workplace Happiness

7.1	Introduction	156
7.2	Primary Objective	157
7.2.1	Sub- Objectives	157
7.3	Research Hypothesis	157
7.3.1	Sub-Hypotheses	157
7.3.1.1	Sub- Hypotheses Related to Occupational Stress and Workplace Happiness	157
7.3.1.2	Sub- Hypotheses Related to Occupational Stress and Emotional Intelligence	158
7.3.1.3	Sub- Hypotheses Related to Occupational Stress and Locus of Control	158
7.4	Findings Related to the Analysis of Relationship between Occupational stress and Workplace Happiness	159
7.4.1	Level of Occupational Stress	159
7.4.2	Demographic Variables and Occupational Stress	161
7.4.2.1	Variance in Occupational Stress of Doctors’ Based on Gender	162
7.4.2.2	Variance in Occupational Stress of Doctors’ Based on Age	163
7.4.2.3	Variance in Occupational Stress of Doctors’ Based on Education Standard	164
7.4.2.4	Variance in Occupational Stress of Doctors’ based on Experience in Service	165
7.4.3	Variance in Workplace Happiness on the Basis of Occupational Stress	166
7.4.4	Relation between Workplace happiness and Occupational Stress	168
7.4.5	Discussion	171
7.5	Findings Related to the Relationship between Occupational Stress and Emotional Intelligence	173
7.5.1	Variance in OS on the Basis of EI	173
7.5.2	Relation between Occupational Stress and Emotional Intelligence	174
7.5.3	Moderator Role of Emotional Intelligence on the relationship between Occupational Stress and Workplace Happiness	180
7.5.4	Discussion	182
7.6	Relation between Occupational Stress and Locus of Control	183
7.6.1	Discussion	188

7.7	Conclusion	189
-----	------------	-----

CHAPTER- 8: Conclusion

8.1	Introduction	190
8.2	Summary of Findings	190
8.3	Uniqueness of the study	198
8.4	Implications of the study	198
8.5	Limitations of the study	199
8.6	Future Direction	200

Bibliography	202

Annexure	xix
----------	-----

Annexure-A: The Four Dichotomous Dimensions of the
MBTI Energy orientation

Annexure B: Personality Characteristics of Each Type Preference

Annexure C: Gardner's Eight Intelligences

Annexure D: Potential sources of occupational Stress

Annexure E: Regression Charts
