

Acknowledgement.

The purpose of this thesis is to make a comperate^{ve} study of the notions of creation and evolution of the universe as indicated in both East and West, and thereby to find an unification of these two.

All available standard books on the subject have freely consulted during the preparation of these thesis. I acknowledge gratefully indebtedness to the authors and publishers of different books on the subject. I am also grateful to Dr.P.Roy, M.A. Ph.D., my reverd guide; Dr.D.Mahanta, M.A. Ph.D. Prof. S.Panchanan, M.Sc. Prof. A. Bhat-tacherjee, M.A. and others of Alipurduar college, Alipurduar, Jalpaiguri, who contributes to my knowledge of the subject.

I am also grateful to Prof. S.K.Bhowmick, M.A., the former principal of Alipurduar college, for his encouragement and help.

I am thankful to Shri, B. Sarker, B.Com, Shri K. Banerjee, and Shri S.Bishnu, for their help in writing the thesis.
