It would be a grave mistake if we think that the difference and relationship between RSPI and Anushilan Samiti are exactly that of the same kind which had been between Anushilan Samiti and other such parties. Anushilan Samiti and such other parties were of the same class, same kind or type. RSPI has no relation with Anushilan Samiti, the difference lies in all respect. **Today every revolutionary socialist should firmly utter that let Anushilan Samiti go to hell, Long Live RSPI.** (English translation of the above passage)
