

## ACKNOWLEDGEMENT

*I would like to acknowledge my indebtedness and render my warmest thanks to my supervisor, Dr. Rajat K. Dey, for giving me the opportunity to work under his guidance. His friendly attitude, motivating speech and deep knowledge over the subject helped me throughout all stages of the work. Besides the research work, the kind of independence he had provided me related to my career was priceless.*

*I would also wish to express my gratitude to Prof. A. Mukhopadhyay, Prof. P. K. Mondal, Prof. S. K. Ghosal, Prof. M. K. Das, Prof. B. C. Paul, Dr. S. Chatterjee, Dr. S Halder and Dr. P. Mali for making lucid conception over the subject during our M.Sc. classes and motivations for research work. I am also thankful to Dr. Arunava Bhadra for commenting and useful suggestions over some of the chapters.*

*I express my intense gratitude to Dr. Arindam Saha whose earnest endeavour made myself affectionate towards this subject from my school life.*

*I am also thankful to my colleagues Mr. Utpal Datta, Dr. Sudip Khasnobish and Mr. Debasis Datta for giving me motivations and moral support for this research work besides my job.*

*I thank my fellow labmates Mr. Animesh Basak and Mr. Sabyasachi Ray for stimulating discussions and creating an excellent research environment within the lab. In particular, I am grateful to Dr. Tamal Sarkar for his kind assistance to learn and produce beautiful documents in LATEX.*

*I would like to acknowledge SERB, Department of Science and Technology (Govt. of India) and Department of Physics, University of North Bengal for providing me with the necessary facilities to pursue research at University of North Bengal.*

*I have no words to express my heartfelt gratitude to my parents for their constant encouragement for all the hurdles I have ever faced. The kind of support and liberty that I got from my parents is priceless and their love, blessings and peace mindedness makes me the luckiest person in the world.*
