

LIST OF TABLES

		Page No.
Table 1.1	Population distributions of five PVTGs of Andaman and Nicobar Islands	7
Table 2.1	Area wise distribution of family and population among the total <i>Jarawa</i> of Andaman Islands	89
Table 2.2	Area wise gender distribution of total <i>Jarawa</i> population	89
Table 2.3	Age group wise population distribution among the <i>Jarawa</i> Of Kadamtala (<i>Tanmad</i>) area	90
Table 2.4	Age group wise distribution of head of the family among <i>Jarawa</i> population of Kadamtala (<i>Tanmad</i>) area	92
Table 2.5	Marital status among the <i>Jarawa</i> population of Kadamtala (<i>Tanmad</i>) area	92
Table 2.6	Gender wise distribution of marital status among the <i>Jarawa</i> population of Kadamtala (<i>Tanmad</i>) area	93
Table 2.7	Distribution of <i>Jarawa</i> families of Kadamtala (<i>Tanmad</i>) area having bartering relation with non- <i>Jarawa</i> community	93
Table 2.8	Distribution of frequency of bartering exchange among the <i>Jarawa</i> household of Kadamtala (<i>Tanmad</i>) area	94
Table 4.1	Year and State of origin of Settlers (family) in Andaman during 1949 –1961	129
Table 4.2	Year wise rehabilitation programme in South Andaman	130
Table 4.3	Year wise rehabilitation programme in Middle Andaman	130
Table 4.5	Assessment of land available for allotment in Great Andaman in 1949 (in acres)	131
Table 4.6	District wise list of Buffer zone villages nearby the Jawara Reserve	149
Table 4.7	Details of Plantations in Tirur, Middle Strait and Kadamtala area during the financial year 2016 to 2017	156

Table 4.8	Population distribution of studied non- <i>Jarawa</i> villages	170
Table 4.9	Ethnic Group wise population distribution of studied non- <i>Jarawa</i> families	170
Table 4.10	Age and gender wise population distribution of Bamboo Tikrey village	171
Table 4.11	Age and gender wise population distribution of Phooltala village	171
Table 4.12	Educational status of studied non- <i>Jarawa</i> villages	172
Table 4.13	Distribution of APL and BPL among the studied non- <i>Jarawa</i> villages	173
Table 4.14	Bank account holders of the studied villages	174
Table 4.15	Distribution of beneficiaries of bank loan among the studied villages	174
Table 4.16	Fuel use pattern among the studied non- <i>Jarawa</i> villages	175
Table 4.17	Distribution of non- <i>Jarawa</i> families on the basis of source of light	175
Table 4.18	Distribution of non- <i>Jarawa</i> families on the basis of house type	176
Table 4.19	Distribution of non- <i>Jarawa</i> families on the basis of possession of motorized vehicle	176
Table 4.20	Distribution of non- <i>Jarawa</i> families on the basis of possession of cell phone	177
Table 4.21	Distribution of non- <i>Jarawa</i> families on the basis of possession of Dinghy	177
Table 4.22	Village wise population of distribution of non- <i>Jarawa</i> families on the basis of primary source of income	178
Table 4.23	Village wise population of distribution of non- <i>Jarawa</i> families on the basis of other source of income	178
Table 4.24	Village wise population of distribution of non- <i>Jarawa</i> families on the basis of possession of homestead land	179
Table 4.25	Village wise population of distribution of non- <i>Jarawa</i> families on the basis of possession of paddy land	179

Table 4.26	Village wise population of distribution of non- <i>Jarawa</i> families on the basis of possession of horticultural land (coconut)	180
Table 4.27	Village wise population of distribution of non- <i>Jarawa</i> families on the basis of possession of horticultural land (areca nut)	180
Table 4.28	Village wise population of distribution of non- <i>Jarawa</i> families on the basis of possession of horticultural land (coconut and areca nut)	181
Table 4.29	Village wise distribution of involvement in forest resources collection from <i>Jarawa</i> Reserve.	181
Table 4.30	Village wise distribution of families involved in bartering interaction with the <i>Jarawa</i> .	182
Table 5.1	Diseases identified and treated among the <i>Jarawa</i> during initial contact period between 1998 and 2001	204
Table 5.2	Disease pattern and number of affected <i>Jarawa</i> individuals during early contact period (1998 to 2001)	206

LIST OF FIGURES
