

ACKNOWLEDEMENT

First and foremost, I offer my sincere gratitude to my supervisor Dr. Dilip Chandra Pramanik for his foresight, invaluable suggestions, continuous encouragement. I consider myself fortunate enough for having Dr. Dilip Chandra Pramanik as my Ph.D, guide, whose expert supervision made my work converge to a satisfactory termination. He has inspired me to become an independent researcher and helped me realize the power of critical reasoning.

I thank all the faculty members of the Department of Mathematics, University of North Bengal who have always inspired me to work hard, especially Prof. S. De Sarkar who has always supported and helped me. My heartfelt gratitude to the non teaching staffs of department of Mathematics, University of North Bengal, who were always nice to me.

I enjoyed the financial support of University of North Bengal for one year at the beginning of this work. I remain thankful to University of North Bengal.

My sincere thanks to my childhood Sir/Madam for his/her constant support and encouragements at various stages, since my school/college days.

I cannot forget friends who went through hard times together, cheered me on, and celebrated each accomplishment. I would thank to Kapil Roy, Ayan Chanda, Mithun Adhikary, Amitesh sarkar, Subhamoy Roy, Kallol Bagchi and Jayanta sarkar.

I would also like to thank Sonali Roy for her unconditional support and encouragement throughout the research.

Last but not the least, I express heartiest gratitude to my parents Mr. Shailesh Roy and Mrs. Swapna Roy, my brothers Mr. Ananta Roy and Mr. Prasanta Roy for their unconditional love and support. They have supported me in every situation.

I alone remain responsible for any possible errors and shortcomings in the thesis despite the best attempt to make it immaculate.
