Abstract	i iii
Acknowledgement	iv v
Chapter 1: Introduction	1 - 15
Chapter 2: Uniqueness of Meromorphic Functions Whose Differential Polynomials Share a Non-constant Polynomial	16 - 40
2.1 Introduction, Definitions and Notations	16 21
2.2 Lemmas	21 30
2.3 Theorems	30 40
Chapter 3: Uniqueness of Differential Polynomials of a Meromorphic Function Concerning Weighted Sharing	41 58
2.1 Introduction, Definitions and Notations	41 47
2.2 Lemmas	47 51
2.3 Theorems	51 58
Chapter 4: Weighted Sharing and Uniqueness of Homogeneous Differential Polynomials of Meromorphic Functions	59 73
2.1 Introduction, Definitions and Notations	59 61
2.2 Lemmas	61 62
2.3 Theorems	63 73

Chapter 5: Uniqueness of Meromorphic Functions Sharing a Set of Roots of Unity	74 88
2.1 Introduction, Definitions and Notations	74 75
2.2 Lemmas	75 79
2.3 Theorems	79 88
Chapter 6: Uniqueness of Homogeneous Differential Polynomials Concerning Weakly Weighted-Sharing	89 108
2.1 Introduction, Definitions and Notations	89 93
2.2 Lemmas	93 95
2.3 Theorems	95 108
Chapter 7: Some Results on Uniqueness of Homogeneous Differential Polynomials of Meromorphic Functions Concerning Weakly Weighted Sharing	109 122
2.1 Introduction, Definitions and Notations	109 115
2.2 Lemmas	115 118
2.3 Theorems	118 122
Chapter 8: Unicity Theorem for Higher Order Derivatives of Meromorphic Functions on Annuli	123 137
2.1 Introduction, Definitions and Notations	123 127
2.2 Lemmas	127 130
2.3 Theorems	130 137
Bibliography	138 149
