

Acknowledgements

The present work of my research was carried out by me at the Department of Chemistry, University of North Bengal, Darjeeling, 734430, India.

I am exceedingly delighted in expressing my most sincere gratitude to my respected teacher and supervisor, Dr. Mahendra Nath Roy, Reader, Department of Chemistry, University of North Bengal, Darjeeling. Throughout my research period, I received constant guidance, valuable suggestions, constant inspiration and constructive criticism from him. Without his loving care and priceless supervision, it could not have been possible to prepare the thesis in its present form.

I also express my deep sense of gratitude to Prof. D.K. Hazra and Prof. S.K. Saha, Department of Chemistry, University of North Bengal for their invaluable assistance and continued inspiration during the course of my research work.

I am grateful to the University authority for providing laboratory facilities. The assistance of Scientific Instrumentation Centre and Sri Chittaranjan Nayak, Systems Engineer and Head, Computer Centre, University of North Bengal for helping me computational works concerned with my research and Infobright, Shibmandir, is acknowledged with thanks.

I express my gratitude to my father, Mr. Amal Choudhury and mother, Smt. Saraswati Choudhury for their constant inspiration relating to my research.

Special thanks are due to my elder sister, Smt. Priti Misra (Choudhury) and younger brothers, Sri Ranjan Choudhury and Sri Chandan Choudhury for their irreparable inspiration and encouragement and keeping me aloof from the family responsibilities.

In connection with this thesis, I like to extend my acknowledgement to Mr. Biswajit Sinha, Mr. Bhoj Bahadur Guring, Miss Anuradha Sinha, Smt. Mousumi Das, Mr. Vikas Kr. Dakua and Mr. Purak Das, for their valuable help during the course of my research work.

I am also thankful to the Departmental Special Assistance Scheme under the University Grants Commission, New Delhi (No. 540/6/DRS/2002, SAP-I) for financial support.
