

## A C K N O W L E D G E M E N T

It is my proud privilege to express my profound gratitude to Prof. D.K. Hazra, Department of Chemistry, North Bengal University, Darjeeling, for his supervision and encouragement throughout the course of this investigation. His valuable guidance, constant inspiration and constructive criticism have been of immense help at every stage of this work.

I am thankful to the Department of Chemistry of North Bengal University for providing the necessary laboratory facilities. The assistance of Computer Centre, North Bengal University is acknowledged with thanks. I am also grateful to Regional Sophisticated Instrumentation Centre, Indian Institute of Technology, Madras for recording some of the Laser Raman spectra.

The help and co-operation given by Mr. B. Das, Lecturer, Department of Chemistry, University of North Bengal in the preparation of the thesis are sincerely acknowledged.

I also express my thanks to the University of North Bengal for granting me a fellowship and financial assistance during the course of the research work.

The inspiration and encouragement that I derived from my family is most gracefully remembered. No word would be enough to honour their contributions for the success of the present research programme.
