

ACKNOWLEDGEMENT

At the very outset I would like to express my profound gratitude to Prof. D. K. Hazra, Department of Chemistry, North Bengal University, Darjeeling, for his constant encouragement, valuable guidance and fruitful suggestions at each stage of this work.

I am also grateful to Dr Bijan Das, Reader, Department of Chemistry, North Bengal University, and Dr P.K. Muhuri, Lecturer, Department of Chemistry, Kurseong College, for their assistance during the course of this research.

My special thanks go to the Department of Chemistry and North Bengal University, for providing me the necessary laboratory and library facilities. The University Grants Commission deserves my thanks for providing me leave and financial assistance for two years, under the Faculty Improvement Programme.

I express my sincere thanks to the Jesuits at Loyola Pastoral Centre, Matigara, my colleagues at St Joseph's College, Darjeeling, the Darjeeling Jesuits, and my family and friends, for their continual support. In a special way I acknowledge Fr Joe Brennan's interest in my work and his help.

Finally, I am grateful to God, the ultimate source of everything, for giving me this opportunity to understand something and to appreciate everything.

Dated: 13.3.2001
