

ACKNOWLEDGEMENT

The author would like to express his deep gratitude to his esteemed teacher Dr. A.R. Ghosh, Senior Lecturer, Dept. of Chemistry, Sikkim Govt. College. Through out the research work, author has received expert criticism, valuable comments and above all his best loving care.

The author is highly indebted to Dr. T.K. Das-Gupta, and Dr. G.S.S. Murthi, Dept. of Chemistry, University of North Bengal for constructive ideas. The author also acknowledges Prof. A. Brandi Universita Di Firenze, for valuable comments and Dr. D. Felix ETH, Zurich, for supplying an authentic sample of N-Cyclohexyl hydroxyl amine hydrochloride and a few chemicals as gift.

Thanks are also due to Dr. C.B. Sunwar Principal, Sikkim Govt. College, for his enthusiastic support and constant co-operation. The author is highly indebted to Dr. P.S. Roy, former Head, and Dr. B. Basu Dept. of Chemistry, University of North Bengal and Dr. T.S. Basu of RSIC, North Eastern Hill University (NEHU) Shillong, for providing analytical facility.

The author is thankful to Mr. Partha Pratim Chakraborty, NIIT Siliguri, for typing the whole manuscript.

The author is equally thankful to Mr. A.K. Nanda, Mrs. S. Ghosh, Mr. B. Bhoumik, Mr. S.N. Tiwari, Mr. P. Saha and Mr. K. Chhetri for their help during the research work.

Thanks are also due to RSIC, C.D.R.I. (Lucknow), RSIC (NEHU), for providing IR; NMR; Mass Spectra's. The author is highly indebted to University Grants Commission, New-Delhi for financial support. The author is highly indebted to Dr. M. Murthi and all his teachers who taught him at different levels and also all his relatives, friends and well-wishers.

Finally, author would like to express his deep gratitude, to his beloved parents and dearest Rosy. Their affections ever encouraged the author for the entire research work.
