

## ACKNOWLEDGEMENT

*The research work being reported in this thesis was carried out at the Department of Chemistry, University of North Bengal.*

*At the very first instance the authoress takes this opportunity to express her deepest gratitude and heartfelt thanks to Dr. Bhim Prasad Pradhan, Professor in Chemistry, for his sincere guidance, help, innovative ideas, constructive interpretation and keen interest throughout the research period. Without his support and inspiration the thesis would never have been completed.*

*The authoress is grateful to the concerned authorities of University of North Bengal & Chemistry Department for allowing her to carry out the research work.*

*The authoress duly acknowledges the help obtained from Dr. Alok Majumdar, Scientific officer, Department of Chemistry in recording the IR spectra. She expresses her thanks to Dr. J.N. Shoolery, Varian Associates, Palo Alto, USA for  $^1\text{H}$  NMR,  $^{13}\text{C}$  NMR, to Prof K.K. Balasubramaniam IIT, Madras for some of the  $^1\text{H}$  NMR spectra and the Director, CDRI, Lucknow for most of the mass spectra and optical rotations.*

*The authoress is highly indebted to her husband Mr. Shyam Kr. Mollay for his moral support, understanding, Cooperation and for drawing most of the structures given in this thesis. The authoress's special thanks goes to her son Nikhil Mollay for his patience and thoughtfulness.*

*The authoress wishes to express her gratitude and respect to Mrs. Bhim Prasad Pradhan for her understanding and inspiration.*

*Thanks are also due to all the teachers, non-teaching staff and fellow research workers of Chemistry Department for their help in various possible ways.*

*The authoress finally wishes to express her thanks and gratitude to all her family members for their constant inspiration and encouragement.*

*The authoress would like to shoulder the entire responsibilities for shortcomings, if any, in the thesis.*
