

## ACKNOWLEDGEMENT

Investigations presented in this thesis were carried out by the author at the Department of Chemistry, University of North Bengal, RajaRammohunpur, Dist. Darjeeling.

The author takes this opportunity to express his deep sense of gratitude and thankfulness to Sri Bimal K. Das, Reader in Chemistry, North Bengal University, for his valuable suggestions, guidance and continued interest during the progress of the work.

The author sincerely thanks Prof. S. K. Chakraborty and Prof. A. K. Ghosh, Department of Chemistry, North Bengal University for their interest and encouragement.

The author wishes to express his gratitude and indebtedness to:

Prof. N. Ito, Department of Agricultural Chemistry, Kyushu University, Fukuoka, Japan, for helping the author to get an analytically pure sample of salithion and a number of reprints.

Prof. J. N. Shoolery, Varian, NMR Application Laboratory, Palo Alto, California, USA for the NMR spectra of some of the compounds, and also for valuable suggestions for the interpretation of the NMR spectral data.

Prof. G. Thyagarajan, Director, R. R. L., Hyderabad for mass spectra, and also for valuable discussions on pesticidal activity.

Dr. J. R. Smith, Varian, Instrumental Division, Palo Alto, California, USA, for mass spectra of some of the compounds.

Dr. D. K. Hazra, Lecturer in Chemistry, North Bengal University for extending sincerest co-operation in taking mass spectra, temperature dependant  $^1\text{H}$  NMR,  $^{13}\text{C}$  NMR spectra of some of the compounds.

Dr. B. Nandi, Department of Mycology and Plant Pathology, Burdwan University, for the gift of the pure culture of the fungi.

Dr. H. Yoshioko, Pesticide Research Division, Sumitomo Chemical Co. Ltd., Japan, for the generous gift of salithion.

CSIC, Bose Research Institute, Calcutta, & I.I.T., Madras for taking the NMR spectra of some of the compounds.

Prof. S. D. Faust, Department of Environmental Science, Rutgers the State University of New Jersey, USA, for sending us several reprints, and also for valuable suggestions.

Prof. T. Roy Fukuto, Division of Toxicology and Physiology, Department of Entomology, University of California, Riverside, California, USA, for sending us several reprints.

Dr. S. L. Datta, Dr. S. Saha, for excellent technical help.

The author is very much thankful to his fellow research workers Dr. D. Das, Dr. P. Chaudhuri, Dr. A. Sarker, Mr. P. Roy, Mr. M. Pramanik, Mr. A. Sen, Mr. K. Mukherjee for their sincerest

co-operation and technical help.

The author in this opportunity expresses his gratefulness to Dr. B. Chakraborty, Dr. R. N. Bhattachick, Mr. A. Nanda, Mr. P. K. Mitra, Mr. P. C. Bose, Mr. S. N. Sarker, Mr. B. K. Das, Mr. S. Das, Mr. P. Das, Mr. S. N. Ganguly, Mr. P. K. Paul, Mr. N. G. Sarker, Mr. N. C. Datta, Mr. G. N. Roy for constant encouragement.

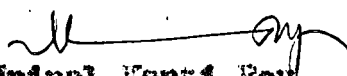

A large debt of gratitude is owed to co-workers, staff, Department of Chemistry, North Bengal University. I have taken advantage of the generosity of too many of them to list them individually, but I should like to thank Mr. P. Roy, in particular, for his painstaking assistance in drawing the graphs and figures.

The author thanks Mr. J. N. Sarker for typing manuscript.

The author is grateful to the authorities of North Bengal University for extending laboratory and other facilities. He is indebted to University Grants Commission, New Delhi, for awarding teacher fellowship under Faculty Improvement Programme and also to the authorities of Alipurduar College for granting him leave for the period of the tenure of fellowship.

The author deems it a proud privilege to express his deep sense of gratitude to his mother for her sacrifice and constant inspiration.

In fine, the author expresses his warmest thanks to his wife, Anjali for her constant inspiration, encouragement and co-operation during the progress of the work and to his children, Joy, Chandana who gracefully permitted the author to stay away from them for quite a long time.

  
Mrinal Kanti Roy

Department of Chemistry,  
University of North Bengal,  
Rajabansahungpur,  
Darjeeling.
