This section gives me an opportunity to express my honour and gratitude to those persons who made me possible to complete the work of my research. At first, I would like to mention with regards the name of Dr. Raghunath Ghosh, my teacher and supervisor of this thesis. It is fact that without his constant encouragement and guidance it would be impossible for me to go ahead with this difficult work. He has given me his valuable time and energy for teaching me the original texts and supervising this work. Had I not received academic guidance from him, it would not have been possible for me to complete this dissertation.

I ~~am~~ also feel tempted to express my gratitude to all other teachers and staff of the department of Philosophy of North Bengal University. I am specially debted to Sri Satya Narayan Roy who has taken pain to type the whole manuscripts

I am really grateful to the staff of North Bengal University Library as well as of Acharya Brojendra Nath Seal College library for their kind co-operation.

I also acknowledge to all the teaching and non-teaching staff of Falakata College for their co-operation and encouragement in promoting my work.

It is needless to mention that I have got inspiration and various help from my parents, brothers and sister.

This dissertation is nothing but the result of blessing of my grand mother who is no more with us. If she were present, she would have been much more happy after seeing the completion of my work. Hence, I have dedicated this dissertation to the memory of her.

At last I am thankful to my friends and well wishers who helped me with their ceaseless co-operation and valued suggestions.
