

July 1, 1992

Certified that the work presented in the thesis, entitled 'Studies on the microflora of some traditional fermented foods of Darjeeling hills and Sikkim' has been carried out by Mr Jyoti Prakash Tamang, M.Sc. under my supervision at the Department of Botany, University of North Bengal. The results incorporated in the dissertation have not been submitted for any other degree elsewhere.

Further certified that Mr Tamang has followed the rules and regulations laid down by the University of North Bengal in carrying out the work.

Dr P.K. Sarkar
