

November 28, 1992

Certified that the work presented in the thesis, entitled 'Isolation and identification of myxobacteria from soils, and their screening for antibiotics' has been carried out by Mr Bijan Kumar Saha, M.Sc. under my supervision at the Department of Botany, University of North Bengal. The results incorporated in the thesis have not been submitted for any other degree elsewhere.

Further certified that Mr Saha has followed the rules and regulations laid down by the University of North Bengal in carrying out the work.

Dr P. K. Sarkar
