

## ACKNOWLEDGMENTS

First of all I would like to express my heartfelt gratefulness to my Supervisor, Prof. Ashim Kumar Chakravarty for his novel guidance. I will remain forever grateful to him for taking me under his guidance and bearing with me and my shortcomings. I would like to thank him for giving me his valuable time for discussing matters related to the thesis and the painstaking way he guided me in writing the Thesis.

I am thankful to Prof. B.C. Pal, of Centre for Life Sciences and faculty members of Department of Zoology, North Bengal University especially Dr. D.C. Deb, Dr. C.S. Chakraborty, Dr. A. Mukherjee, Dr. J. Pal, Dr. T.K. Chaudhuri and Dr. S. Barat for their constant encouragement. I would also like to thank Mr. R. Adhikari for looking after the animals and Mr. S.B. Sunar for all the help rendered to me during the course of my work.

I am thankful to Dr. S. Bandyopadhyay, Indian Institute of Chemical Biology, Calcutta for providing us with the monoclonal antibodies used in the present study and Prof. G.C. Mazumdar, Deputy Director, Indian Institute of Chemical Biology, Calcutta for allowing us to take readings in their Liquid Scintillation Counter.

I would like to take this opportunity to thank my colleagues Dr. Maitrayee Chakrabarti and Dr. Sanjib Kumar Das for extending their sincere help in the course of my research work.

I would also like to thank Dr. (Mrs) A. Chakravarty, Miss Anandita Chakravarty and Master Anupam Chakravarty for treating me as a member

of the family, for understanding my problems and for encouraging me all the time.

Thanks are also due to the Principal and the Governing Body, St. Joseph's College, Darjeeling for granting the necessary permission, leave and encouragement much needed for completion of the thesis.

I thank my parents Prof. N.B. Rai, retired Vice Principal, St. Joseph's College, Darjeeling and Mrs S. Rai for their blessings, constant support and inspiration. I also thank my father-in-law Late Mr. G.K. Pradhan and mother-in-law Mrs. N.K. Pradhan for their encouragement all the time. Their concern for my well being used to warm my heart and make me work harder towards achieving my goal.

Special thanks goes to my husband Mr. Bimal Pradhan, whose encouragement helped me a lot in my research work. I would like to thank him for bringing the rIL-2 from CSIR, New Delhi, for helping me take all my vials to IICB for radioactive counting and for looking after our son and giving him his due parental attention which at times could not be met by me.

I thank all the members of my family for their constant encouragement and last but not the least, my thanks goes to my son Anubhav, who bore up with me and any negligence from my side.

Finally, I acknowledge the one year FIP fellowship and other facilities granted to me by the UGC.
