

Acknowledgements

It is indeed a pleasure to acknowledge the debts of gratitude to all who have made possible my progress towards the grand culmination of my doctoral thesis. No doubt this paper's recognition can never repay the debts of love, support and sincere cooperation of my well-wishers, but in reality, debts, which are priceless, are a law of nature abstract. In fact there are numerous individuals who have assisted me to make this work successful and it would be my earnest effort to mention the names of each one of them individually.

It is my utmost pleasure to express my sincere appreciation and gratitude to my respected guide Prof. L. K. Nath, who had whole-heartedly directed this research project. I can not express his contribution in black and white, only heartily appreciate his valuable suggestions, continuous encouragement with broad outlook, open discussion and generosity in allowing me the necessary freedom to exercise my thought to design program of investigation and materialize to attain the goal of the project.

I express my regards and heartfelt thanks to Mr. H. P. Chhetri, Director, Himalayan Pharmacy Institute, Majhitar, Sikkim for providing me the necessary infrastructural and laboratory facilities, valuable suggestions and encouragement during the course of study.

I offer my respectful thanks to the Vice-chancellor, Registrar, Controller of examination, and Dean, Faculty of Science, University of North Bengal for providing me the necessary facilities time to time to carry out some part of this work.

I offer my respectful thanks to Prof. S. G. Dastidar, Emeritus Professor, Department of Pharmaceutical Technology, Jadavpur University, Kolkata for providing different strains of bacteria, which I have used in the antibacterial study of the isolated compounds.

My sincere thanks to Fulford (I) Ltd, Khandelwal Laboratories Ltd, Mumbai, Lyka Labs, Mumbai and Hindustan Antibiotics, Pimpri, Pune, India for providing gift samples of standard drugs, which I have used in immunostimulation and antimicrobial study of the isolated compounds.

My sincere thanks to all my colleagues, well wishers and friends of Himalayan Pharmacy Institute, Majhitar, Sikkim and else where for their constant inspiration and help. Among them I would specially mention the name of Dr. S.K. Mahapatra, Mr. P.K. Kar, Mr. S.K. Bose, Mr. N. Bhuyan, Mr. S. Holo, Mr. G. Chhetri and Ms. Tika Sharma.

I also thankfully acknowledge the All India Council for Technical Education (AICTE), Government of India, New Delhi for financial assistance under RPS with File no: 8022/RID/NPROJ/RPS-77/2003-04.

I wish to thank all of them if I overlook anyone else, who helped me someway to complete this tough job.

Last but not the least, I wish to place on record my deepest regards and gratefulness to my parents, brother, sister, my wife Mama and my Lovely daughter Khusi for patiently bearing with me throughout the entire period of this study.
