

Table of Contents

	Content	Page Number
I.	Dedication	i
II.	Acknowledgement	ii
III.	Abstract	iii-v
IV.	Preface	vi-viii
VI.	List of Tables	xii
VII.	List of Figures	xiii
	CHAPTER – 1: <i>Introduction</i>	1-21
1.1	Prologue	2-4
1.2	Major Steps taken by the Government of India to Integrate Capital Market, Foreign Exchange Market and Money Market	5-10
1.2.1	Money Market	6-7
1.2.2	Capital Market	7-8
1.2.3	Foreign Exchange Market	8-10
1.3	A Brief Review of Relationship between Capital Market, Foreign Exchange and Money Market	10-13
1.3.1	Stock and Foreign Exchange market	10-12
1.3.2	Stock and Money Market	12-13
1.3.3	Foreign Exchange and Money Market	13
1.4	Conclusion	14
	References	15-21
	CHAPTER – 2: <i>Review of Literature, Scope and Plan of the Study</i>	22-64
2.1	Introduction	23- 51
2.2	Research Gaps	52
2.3	Objectives of the Study	52
2.4	Research Questions	53
2.5	Hypotheses	53
2.6	Methodology	53
2.7	Data and Time Period	54-55
2.8	Significance of the Research	55
2.9	Plan of the Study	55

	Content	Page Number
2.10	Summary and Conclusion	55-56
	References	57-64
	CHAPTER – 3: Methodology Used: A Brief Discussion	65-112
3.1	Introduction	66-67
3.2	Demerits of VAR and Box-Jenkins (1970) Methodology	67-68
3.3.1	Cointegration	69
3.3.2	CRDW Test	69-70
3.3.3	Engle-Granger Test	70-72
3.3.4	Johansen and Juselius Methodology	72-78
3.4	Error Correction Model (ECM)	78-80
3.5	Stationary process	80-83
3.6	Non-stationary process	83-84
3.7	Estimation of the Stationary or Non-stationary Process	84-89
3.7.1	(Unit-root Test)	84-85
3.7.2	Augmented Dickey Fuller Test (ADF-test)	86-87
3.7.3	Augmented Dickey Fuller–Generalised Least Square (ADF–GLS) test	87-88
3.7.4	Ng – Perron test (NGP test)	88-89
3.8	Optimum lag-order	89-90
3.9	Structural Stability	90-95
3.9.1	CUSUM- test	91-92
3.9.2	Quandt-Andrews Breakpoint test	92-95
3.10	Seasonality Test	95-96
3.11	Causalty Test	96-97
3.12	Impulse Response Analysis	97-99
3.13	Variance decomposition Analysis	99-100
3.14	Summary	100-101
	References	102-112
	CHAPTER – 4: Cointegration of the Capital Market, Foreign Exchange Market and Money Market.	113-152
4.1	Introduction	114-116
4.2	Estimations and Findings	116-128

	Content	Page Number
4.2.1	Seasonality	116
4.2.2	Identification of the Order of Integration	116-118
4.2.3	Estimation of the Optimum or Maximum Lag-Order	118-119
4.2.4	Identification of Co-integrating Vectors and the Deterministic Component	119-121
4.2.5	The Long-run Relationship	121-124
4.2.6	Test of Autocorrelation in Residuals	124-125
4.2.7	Significance of the Markets in Cointegrating Equation	125
4.2.8	Structural Stability or Break Point Test	126-127
4.2.9	Levels of Cointegrating Relation	127
4.3	The Short-Run Dynamic Behaviour	128-129
4.4	The Causal Relationship	129-130
4.5	The Innovation Accounting	130-135
4.5.1	Forecast Error Variance Decomposition	130-135
4.5.2	Impulse Response Analysis	135-140
4.5	Summary and Conclusion	141-142
	References	143-152
	CHAPTER – 5: <i>Summary of Findings, Limitations and Scope of Further Studies</i>	153-162
5.1	Summary of Findings	154-157
5.2	Policy Implications	158-159
5.3	Limitations and scope of further studies	159-160
	References	161-162
	Bibliography	163-191
	Publications during Research	192
