

C O N T E N T S

	Pages
CHAPTER - II	
Introduction and Review of the previous work.	
Section A - Dye-dye interactions in solution	1-16
Section B - Dye-Polyelectrolyte interactions	17-26
Section C - Dye-clay minerals interactions	27-29
CHAPTER - III	
Scope and object of the work ..	30-33
CHAPTER - IIII	
Experimental ..	34-49
CHAPTER - IV	
Environmental Effects on Dye Aggregation- Metachromasy of dyes in different electrolytes and solvents of varying dielectric constants	50-70
CHAPTER - V	
Interaction of dyes with Sodium Polystyrene sulfonate ..	71-83
CHAPTER - VI	
Interaction of dyes with Polyacrylic acid	84-92
CHAPTER - VII	
Interaction between anionic Surfactants and Thiazine dyes (cmc and limit of solubilization)	93-106
CHAPTER - VIII	
Metachromasy of thiazine dyes in clay minerals	107-125

CHAPTER - IX

Summary and Conclusion .. 126-132

REFERENCES .. 133-153
