

A C K N O W L E D G E M E N T

I deem to express my profound sense of gratitude to Dr. S.K. Chakravarti, Professor of Chemistry, University of North Bengal for his wise guidance, criticism, keen interest and inspiration throughout the investigation.

I find pleasure to express my sincere appreciation to Dr. S.C. Guhaniyogi, Institute of Polymer Science, The University of Akron, Ohio, USA and Dr. S.K. Saha, Lecturer in Chemistry, University of North Bengal from whom I have received needful suggestions, stimulating discussions, active co-operation and encouragement during the progress of the investigation.

I am thankful to Dr. S. Talapatra, Research Officer, Indian Petrochemical Corporation Limited, Baroda for his helpful suggestions and to Dr. B.K. Das, Dr. A.K. Nandi, Mr. S.K. Chakraborty, Dr. S. Das, Dr. A. Majumdar, Dr. T.S. Basubaul and other fellow workers who extended their co-operation whenever it was needed.

Thanks are also due to the Director, Central Drug Research Institute, Lucknow; the Head, Regional Sophisticated Instrumentation Centre, Indian Institute of Technology, Madras; the Head, Regional sophisticated Instrumentation Centre, North Eastern Hill University, Shillong; the Director, National Chemical Laboratory, Pune for providing C, H, N analyses data and IR, PMR, ESR, X-ray spectra etc. and to Mr. M. Chakraborty for transcribing this Dissertation.

(ii)

Finally, I express thanks to the University Grants Commission and the University of North Bengal for the award of Research Fellowship and other financial supports and the Head, Department of Chemistry, University of North Bengal for providing Laboratory facilities.
