

A C K N O W L E D G E M E N T

The research work on the topic entitled "TRANSFORMATIVE REACTIONS ON TRITERPENOIDS AND THEIR DERIVATIVES" being reported in this thesis was carried out in the Department of Chemistry, University of North Bengal.

The author sincerely takes the opportunity to record his long awaited gratitude to the Supervisor of the Research Project, Dr Bhim Prasad Pradhan, Reader, Department of Chemistry, N.B.U. for his great help, sincerest guidance, constant encouragement and valuable suggestions for the whole work and in absence of which the work could never have been completed.

The author also wishes to record his thanks to Mrs. Meena Pradhan for her sincere and good wishes for the completion of my work.

The author is grateful to all the teaching and non-teaching staff of the Department of Chemistry and the authorities of the University of North Bengal for providing the undersigned the research facilities, co-operation and help.

The author is highly indebted to Dr. Peter Weyerstahl and his Secretary, Mrs. Mantueffel, Institute for Organic Chemi, Technische Universitat, Berlin, Germany for the mass, ^1H NMR and

[]

^{13}C NMR spectra recorded in this thesis. The author is thankful to the University Grants Commission for financial assistance.

The author offers his thanks to the authorities of Siliguri College and the teaching staff of Chemistry Department, Siliguri College for helping him in many occasions for completion of the thesis.

The author duly acknowledges the various sorts of help obtained from Dr. Satyajit Chakraborty, Dr. Pranob Ghosh, Dr. Animesh Roy and Dr. Gyan Chandra Subba, Research Associates of Natural Product Laboratory of the Department of Chemistry, N.B.U.

The author offers his thanks to Dr. Gyan Chandra Subba, Chief Chemist, Diosgenin Factory, Rangpo, Cinchona and other Medicinal Plants, Govt. of West Bengal, who helped the author in the extraction of the extracts.

The author offers due respect to his father late Jyotindra Narayan Sinha for his long standing inspiration. I am also thankful to all my family members for their constant encouragement and co-operation.

Finally, the author thanks to his daughter, Gopa Sinha (Bose) for drawing most of the structures included in this thesis.
