

## ACKNOWLEDGEMENT

I take this opportunity of expressing my deep sense of gratitude and reverence to Dr. P.K.Basu, Reader, Centre for Life Sciences, University of North Bengal for his inspiring guidance and supervision during the course of this investigation.

I am indebted to Prof. K.B.Datta, Director, Centre for Life Sciences, University of North Bengal for his kind permission to use the laboratory and library of the Centre.

I am grateful to Prof. A.K.Sharma, Sir Rashbehari Ghosh Professor, Dr. N. Samajpati, Reader, Dr. N. Paria, Keeper of the Herbarium, Department of Botany, University of Calcutta and Dr. A.K. Raychaudhuri, Statistician, Bose Institute, Calcutta for their suggestions and encouragement.

I am also indebted to Dr. S. Pakrashi, Deputy Director, Indian Institute of Chemical Biology, Dr. R.B.Ghosh, B.S.I., Calcutta, Mr. B. Mukherjee, Chief Soil Chemist, Hindustan Fertilizer Limited, Soil Testing Laboratory, Siliguri and Mr. B. Majumdar, Department of Agriculture, Regional Centre, Jalpaiguri for their valuable help.

My sincere thanks are also due to all my colleagues for their kind co-operation. My heartfelt thanks to Mr. P.K. Gantait for typing this thesis.

Lastly, I express my gratitude to UGC for the award of Junior Research Fellowship which enabled me to complete this work.
