CHAPTER 1: INTRODUCTION		1-35
1.1	Introduction	1
1.2	Study area	11
1.3	Statement of problem	13
1.4	Review of literature	14
	1.4.1 Causes for the formation of slum	14
	1.4.2 Social and cultural background of slum dwellers	15
	1.4.3 Economic condition of the slum dwellers	17
	1.4.4 Housing, environmental and health condition of the slum dwellers	19
	1.4.5 Focus on slum improvement	24
1.5	Objectives	26
1.6	Hypothesis	27
1.7	Database and methodology	27
1.8	Chapter organization	30
1.9	References	31
CHAPTER 2: GENERAL BACKGROUND OF THE STUDY AREA		36-74
2.1	Introduction	36

Sl no.	Title	Page no.
2.2	Physical background of the study area	36
	2.2.1 Location and size	36
	2.2.2 Physiography	36
	2.2.3 Elevation	38
	2.2.4 Geology	40
	2.2.5 Slope	40
	2.2.6 Climate	41
	2.2.7 Drainage	42
	2.2.8 Soil	44
	2.2.9 Natural vegetation	45
	2.2.10 Flora	46
	2.2.11 Fauna	47
2.3	Social and cultural background of the study area	48
	2.3.1 Distribution of population in Alipurduar district	48
	2.3.2 Sex ratio of Alipurduar district	51
	2.3.3 Scheduled caste and Scheduled tribe population of Alipurduar district	53
	2.3.4 Literacy rate of Alipurduar district	56
	2.3.5 Category of workers in Alipurduar district	58
	2.3.6 Population distribution in Alipurduar municipality	60
	2.3.7 Literacy rate in Alipurduar municipality	65
	2.3.8 Category of workers in Alipurduar municipality	69
	2.3.9 Cropping pattern of Alipurduar district	70
	2.3.10 Culture and language of Alipurduar district	70
	2.3.11 Tourist destinations of Alipurduar district	71
2.4	Summary	72
2.5	References	74
CHAPTER 3: SOCIO-CULTURAL CONDITION OF THE SLUM DWELLERS		75-111
3.1	Introduction	75
3.2	Distribution of male and female population among the slum dwellers	78

Sl no.	Title	Page no.
3.3	Age structure of the slum dwellers	80
3.4	Marital status of the slum dwellers	84
3.5	Age at marriage of the slum dwellers	87
3.6	Literacy rate of the slum dwellers	89
3.7	Educational level among the slum dwellers	94
3.8	Household size of the slum dwellers	98
3.9	Religion structure of the slum dwellers	101
3.10	Mother tongue of the slum dwellers	103
3.11	Caste composition of the slum dwellers	105
3.12	Duration of stay of the slum dwellers	108
3.13	Summary	108
3.14	References	111
CHAPTER 4: ECONOMIC CONDITION OF THE SLUM DWELLERS		112-136
4.1	Introduction	112
4.2	Earning and dependent members among the slum dwellers	113
4.3	Male and female distribution of earning members in different types of occupation among the slum dwellers	114
4.4	Level of monthly household income of the slum dwellers	116
4.5	Change in household income during last one year among the slum dwellers	119
4.6	Change in household expenditure during last one year among the slum dwellers	120
4.7	Savings of the slum households	121
4.8	Level of income and expenditure of the slum households	122
4.9	Monthly income and expenditure of the slum households on different categories	124
	4.9.1 Monthly income and food expenditure of the slum households	124
	4.9.2 Monthly income and fuel expenditure of the slum households	126
	4.9.3 Monthly income and clothing expenditure of the slum households	127
	4.9.4 Monthly income and health expenditure of the slum households	128

Sl no.	Title		Page no.
	4.9.5	Monthly income and education expenditure of the slum households	130
4.10	Type of ration card among the slum households		131
4.11	Availability of bank account among the slum households		132
4.12	Summary		133
4.13	References		136
CHAPTER 5: HOUSING AND ENVIRONMENTAL ASPECTS OF THE SLUM DWELLERS			137-173
5.1	Introduction		137
5.2	House structure of the slum dwellers		138
	5.2.1	Material used in floor	139
	5.2.2	Material used in wall	110
	5.2.3	Material used in roof	141
5.3	Place of cooking of the slum households		142
5.4	Type of fuel used for cooking by the slum households		143
5.5	Source of drinking water for the slum households		144
5.6	Distance covered to fetch drinking water by the slum households		146
5.7	Availability of drainage facility		147
5.8	Type of sanitation		148
5.9	Household assets		149
5.10	Composite index of housing		150
5.11	Level of sound in different slum pockets of various wards		155
5.12	Level of air pollution		158
	5.12.1	Level of air pollution in summer season	159
	5.12.2	Level of air pollution in rainy season	160
	5.12.3	Level of air pollution in winter season	161
5.13	Level of water pollution		163
	5.13.1	Level of water pollution in summer season	164
	5.13.2	Level of water pollution in rainy season	165
	5.13.3	Level of water pollution in winter season	166
5.14	Solid waste: generation and disposal		167

Sl no.	Title	Page no.
5.15	Summary	170
5.16	References	173
CHAPTER 6: HEALTH STATUS OF THE SLUM DWELLERS		174-213
6.1	Introduction	174
6.2	Frequency of consumption of food/ meal by the slum dwellers	175
	6.2.1 Pattern of consumption of meat/ fish by the slum households	176
	6.2.2 Pattern of consumption of eggs by the slum households	178
	6.2.3 Consumption of fast or junk food in different age groups among the slum dwellers	179
6.3	Assessment of health among the slum dwellers	181
	6.3.1 Body Mass Index (BMI)	181
	6.3.2 Body Mass Index (BMI) of the slum dwellers	182
	6.3.3 Ward wise literacy rate and population under normal BMI	183
	6.3.4 Ward wise household income and population under normal BMI	184
	6.3.5 Ward wise composite index of housing and normal BMI population	186
6.4	Health status of women slum dwellers	188
	6.4.1 Distribution of married and reproductive women among the slum dwellers	189
	6.4.2 Distribution of married women and married women having children among the slum dwellers	190
	6.4.3 Age at marriage and number of children of the women slum dwellers	191
	6.4.4 Age group and place of delivery among the women slum dwellers	193
	6.4.5 Women under reproductive age group and women in pregnancy period among the slum dwellers	194
	6.4.6 Maternal mortality ratio among the women slum dwellers	195
	6.4.7 Activities and care during the pregnancy period	196
	6.4.8 Menstrual hygiene and practices among the women slum dwellers	198

Sl no.	Title		Page no.
	6.4.9	Prevailing diseases among the women slum dwellers	200
6.5	Health of children under 0-6 age group among the slum dwellers		201
	6.5.1	Ward wise distribution of children (0-6 age group) among the slum dwellers	201
	6.5.2	Infant mortality rate of children among the slum dwellers	202
	6.5.3	Vaccination programs among the children	203
	6.5.4	Consumption of mother's milk and nutritious drink by the children	205
	6.5.5	Prevailing health issues and illness among the children (0-6) age group in the slum	207
6.6	Summary		208
6.7	References		212
CHAPTER 7: LEVELS OF DEVELOPMENT IN SLUMS, PROBLEM IDENTIFICATION AND SUGGESTIVE MEASURES			214-239
7.1	Introduction		214
7.2	Levels of development in the Slum		215
	7.2.1	Steps for calculation of composite index (CI)	215
	7.2.2	Indicators for computation of composite index (CI)	216
	7.2.3	Levels of development across various slum pockets in different wards	220
7.3	Problem Identification		227
7.4	Suggestive Measures		230
7.5	Summary		237
7.6	References		239
CHAPTER 8: CONCLUSION			240-252
