

Acknowledgement

The research work on the topic entitled "**Studies on the Chemical Reactions of Carbocyclic Compounds**" being reported in this thesis was carried out in the Department of Chemistry, North Bengal University, District Darjeeling, West Bengal.

The author offers his heartfelt gratitude and grateful thanks to **Dr. Bhim Prasad Pradhan**, Professor, Department of Chemistry, North Bengal University, for his great help, sincerest guidance, rigorous encouragement and valuable suggestions for the entire work and in absence which the work could never have been completed.

The author is thankful to all the teaching and non-teaching staff of the Department of Chemistry and the authorities of the University of North Bengal for providing the undersigned the research facilities, co-operation and all possible help.

The author wishes to record his thanks to guruama Mrs Meena Pradhan for her sincere and good wishes for the completion of my research work.

The author is indebted to Prof. P. Weyerstahl, Institute fur Organische Chemic, Technische Universitat, Berlin for most of the mass ^1H NMR spectra and ^{13}C NMR spectra recorded in this thesis; to Dr. A. Patra, Department of Chemistry, University College of Science, Kolkata for some of the spectral data recorded in this thesis.

The author, further wishes to thank **Dr. S.N. Bose**, Professor, Department of Chemistry, North Bengal University for allowing me to work in his laboratory and for some valuable guidance and suggestions. The author also expresses his thanks to fellow research workers for the

kind help and co-operation and Mr. Babul Biswas of Pratilipi, Leninpur, Shivmandir for typing the entire manuscripts of the thesis in their computer.

Finally, the author pays deep regards to his beloved uncle Late D.N. Pradhan, cousin sister Late Indira Pradhan, parents, brother and wife for their constant inspiration, encouragement and co-operation.

The shortcomings, if any, are entirely the authors.

(Nagendra Narayan Pradhan)
