

LIST OF PAPERS PRESENTED/COMMUNICATED IN SEMINARS

1. Silver Jubilee Celebration, Forensic Science Laboratory, West Bengal, 1st July to 4th July, 1977, "Chemistry and analysis of a few common pesticides".
2. 1st Indian Convention of Food Scientists & Technologists, 23rd to 24th June, 1978, CFTRI, Mysore, AFST. "Detection & Estimation of Quinalphos in foods and in formulation".
3. 65th session of the Indian Science Congress, Ahmedabad, 1978 P-7, P.7, Section of Chemistry, Focal Theme, Advance notes on symposia & discussion. "Pesticide Quest : Residue Surveys in Calcutta".
4. Symposium on recent developments in applied analytical chemistry, Golden Jubilee, Institution of Chemists, 25th & 26th November, 1978. "Simplified procedure for analysis of pesticide residues in foods".
5. Small Scale Food Industry in Rural India, 9th & 10th December, 1978, AFST, Eastern Region. "Safety from pesticides residues during storage & processing of foods".
6. Indian Academy of Forensic Science, Hyderabad, Seminar on 9th & 10th December, 1978. "Identification & Estimation of edifenphos in foods & in formulations".
7. 66th session of the Indian Science Congress, Hyderabad, 1979, Advance notes on symposia & discussions forum on home science & nutrition, P-14, P-17. "Detection of Dimethoate Residue in Foods by Gel electrophoresis".

8. Seminar on pesticides for rural prosperity by Pesticide Association of India, 12th & 13th February, 1979.
9. "DAE symposium on analytical instruments & instrumentation, Bhabha Atomic Research Centre, 1979. A comparative study on GLC & TLC in the determinative step of pesticide analysis.
10. Simplified procedure for monitoring of pesticide residues in food. P. Al., 12th & 13th Feb., 1979.
11. 67th session of the Indian Science Congress, Gauhati, Feb., 1980. "Decay of Dimethoate in water".
12. Seminar on Toxicology, Defence Laboratory, Gwalior, March, 1980. "Surveillance of residual pesticides in raw foods".
13. Symposium on science and Law at Punjabi University, Patiala, 16th-17th Nov., 1979. "Identification and estimation of phosalone in foods".
14. III Annual conference, Feb., 1980, Indian Academy of Forensic Medicine, New Delhi. "Pesticide Residues in tissues in normal human beings".
15. Pollution by pesticides as reflected in foods- Indian Science Congress Association, Varanasi, India, Jan., 1981.
16. Survey of pesticide residues in pulses and edible oils - P.A.I., New Delhi, India, Seminar on "Oilseeds, pulses and pesticides"., Feb-March, 1981.
17. Environmental planning for abatement of Toxicosis through foods - National Conference in Environmental Planning, India, Karnatak University, Dec., 1980.

18. **Monitoring of Public Health Hazards of Pesticides in Foods. 3rd International Congress of the World Federation of Public Health Association & 25th Annual Conference of the Indian Public Health Association, Feb., 23-26, 1981, Calcutta, India.**
