

ACKNOWLEDGEMENT

It is an immense pleasure to express my deep sense of gratitude, to my supervisor, Professor Bishwanath Chakraborty, Immuno-Phytopathology Laboratory, Department of Botany, University of North Bengal, for his noble guidance, unfailing help, advice, constant inspiration and extensive co-operation throughout the execution of this research work.

I am thankful to Professor Usha Chakraborty, Head, Department of Botany, North Bengal University and Prof. P. K. Sarkar, for rendering instrumental facilities developed under UGC-SAP (DRS-II) in this department.

Thanks are also due to Prof. A. P. Das, Dr. A. Saha, Dr. A. Sen and Mr. P. Mandal for their inspiration and constant support to finish my Ph.D. work. I acknowledge my sincere thanks to the authority of UGC for granting me two Minor Research Projects to carry out my work. Thanks are due to Mr. Babul Biswas for typing the manuscript.

Last, but not the least, I am extremely grateful to my parents for their encouragement and inspiration and immense moral support. I am really thankful to Mrs. Chhanda Roy, Mr. Aritra Roy and Mr. Sagnibha Roy for their encouragement, love and inspirations without which the completeness of this doctoral work would not have been possible.

Date: 23-09-2008.

Place: N.B.U.
